## Zone 5 – Beach Boulevard to the Santa Ana River

This area of the Coastal Zone encompasses approximately 611 acres between Beach Boulevard and the Santa Ana River. (Figure C-9.)

### Existing Land Uses

*Inland (Pacific Coast Highway and areas north to the Coastal Zone boundary.)*

Existing land uses within Zone 5 are extremely diverse and include environmentally sensitive habitat areas with restored wetlands. Nearby are oil production facilities, a regionally serving electric generating plant, a regionally serving sewage treatment plant, a toxic waste site included on the State Superfund list, a mobile home park and single family residences.

*Coastal (Seaward of Pacific Coast Highway.)*

The seaward portion of this Zone consists entirely of the Huntington State Beach Park, including parking facilities, restrooms, snack bars and the California least tern nesting sanctuary adjacent to the Santa Ana River outlet.

### Coastal Element Land Use Plan Designations

*Inland (Pacific Coast Highway and areas north to the Coastal Zone boundary.)*

Permitted land uses for the inland portion of Zone 5 include open space-conservation, [open space-park](#), industrial/public uses, visitor serving commercial and medium density residential uses. The site located at the corner of Hamilton and Magnolia (which contains toxic waste and is presently on the State Superfund cleanup list) is subject to a specific plan overlay and development agreement. In addition, portions of Zone 5 are included in the Community District and Sub-area Schedule. Coastal Element policy provides for the electrical generating and sewage treatment plants to continue, the preservation and enhancement of the open space conservation areas that house wetlands and the nesting sanctuary, and the eventual development of visitor serving commercial on Pacific Coast Highway. All other existing uses are anticipated to remain, consistent with the Coastal Element Land Use Plan.

*Coastal (Seaward of Pacific Coast Highway.)*

The entire area seaward of Pacific Coast Highway is designated as Open Space-Shoreline with a 4J Design District overlay. Existing uses are consistent with the Coastal Element Land Use designations.
