Subject: HB Pier "Let's Go Fishing Shop" Lease

Honorable Council members

I am a member of the Huntington Beach Fishing & Recreation Club. Our club is located at the Senior Center and has over 80 members. I urge the Council to support the renewal of the lease for the "Let's Go Fishing Shop" located on the HB Pier.

Our club has actively supported, the Huntington Beach Police Department fishing events for children, the cities fishing event for mentally and physically challenged children, and the Huck Finn Fishing day. The "Let's Go Fishing Shop" has also been a major supporter and generously provided bait and fishing tackle prizes for these events.

This shop was started by Mr. Johnson, a Vietnam Vet, and his wife Marion. Marion now runs the shop with her grandson Michael Rincon. Starting with a trailer on the pier, the shop has been in continuous operation for 27 years. The Shop has a reputation of being stewards of the ocean, promoting catch and release fishing, and monitoring fishermen to help ensure the pier stays clean. The business is the economic support for the family. They have supported the city and I believe the city should continue to support the family. Personally, I cannot image our pier without a full service shop that places the needs of the fishing activity as their number one priority.

Dear Erik Peterson, Mike Posey, Kim Carr, Barbara Delgleize, Patrick Brenden, Lyn Semeta, and Jill Hardy:
I would like to address the lease of the "Let's Go Fishing" Shop on the pier. A local shop, a local owner, a Veteran, a shop with increasing revenues and the only lease going out to bid???? Something is running amok. Please, in the interest of those of us who live in this city, enjoy our beaches and pier and especially tourist, don't do this. This is not in the best interest of Huntington Beach or your constituents.
Sincerely,

--

Suzanne Messina

Subject: "Lets Go Fishing" shop on the Pier Lease

Honorable City Council Members,

I have been a resident of Huntington Beach for over 40 years. I vote in all elections and take pride in what Huntington Beach's (Surf City) reputation and what it stands for. I am an avid fisherman in local waters and I belong to the HB Fishing Club. I am recently retired and volunteer in my community quite a bit.

Now to the point. The "Let's go Fishing" shop on the pier has consistently co-sponsored many events I volunteer at including the "Huck Fin Fishing Derby" and the "Fish with a Force" events to name a few. I can not imagine the pier without this fishing shop. This shop supplies bait and tackle to pier fisherman, fisherwomen, and fisher-kids and allows them to enjoy their time on the pier in Surf City. Do you know where the next closest bait shop to the pier is other than "Let's Go Fishing" ?

I know most of you are Politicians but **remember** the wants of the people that elected you to your office. I believe this is the only lease that the City is putting out to bid on the pier at this time. Why is that? I have told it is not a matter of money as the fishing shop is a successful business providing the City with good revenue. Something smells wrong about this proposal and it is not the Fish. 🐟

I would like to make a formal recommendation to extend the existing lease to the "Let's go Fishing" Shop on the pier as do many of my friends and fellow fishermen/fisher women.

Thank you for your consideration in this local business matter. 🙏

Subject: Huntington Beach Pier Bait Shop

Huntington Beach Pier is a fun and happy place. The words Huntington Beach Pier light up fish and fishing in my mind as soon as I think of the place. I have seen so many happy moments as a child or adult for that matter catches a fish. I have never seen that kind of excitement over an over priced sandwich. I can not understand the thinking that would not grant "Let's Go Fishing Shop" an extension on their lease. Not only a lease extension but a very inexpensive lease for a place that makes the Huntington Beach Pier a more complete fun zone. "Let's Go Fishing Shop" brings joy to many and really support the community.

"Let's Go Fishing Shop" is very colorful, clean and attractive.

"Let's Go Fishing Shop" supports many of the activities in the area. They will provide bait for the fishing events held at the lakes and ponds. They have provided brand new fishing kits for the children entered in the fishing event. Furthermore "Let's Go Fishing Shop" comes and volunteers time and expertise to make the day of fishing successful for the children.

Please grant "Let's Go Fishing Shop" a lease and make Huntington Beach Pier a wonderful place for all.

Respectfully,

Frank Moltane

Members,

The following is some information concerning the fishing store on the pier. Everyone is requested to send a short letter to the members of the city council supporting the renewal of the lease to Michael Rincon and family.

Send one email to : (city.council@surfcity-HB.org). All member of the city council will receive a copy. Evidently, the council counts one letter as speaking for eight voices. My letter is attached for your information. However, I suggest you write your own. Three or four sentences is all that is needed.

1. This business has operated on the HB Pier for 27 years.
2. The lease expires November 2019. It is for 5 years and this would be current owners third renewal.
3. Mr. Johnson is a Vietnam Veteran, currently unable to work due to illness
4. Wife, Marion Johnson runs the shop with her Grandson Michael Rincon.
5. Only shop on the pier whose lease is out for bid.
6. Reasons given : "not enough density" " we do this from time to time".
7. There doesn't seem to be a performance issue, in fact, revenues to the city have increased at least 5 fold in the past 2 years.
8. There are 2 other bidders for the location one of which is the owner of Zacks, who around 2 years ago went behind the Johnson's back trying to get the city to sublease a part of the fishing shop for a fast food outlet.
9. It is possible the city will announce bid award this month so we need to get the messages to the council out ASAP.
10. The shop is a supporter of the Carr Park event, Huck Finn events which help our club, HB Police events.
11. The Shop preaches catch and release from the pier and works with the anglers to keep the benches free of bait preparation.

Subject: Lease of Mr. Johnson's shop on the pier

Hello, I am a long time resident of Meredith Gardens in Huntington Beach. I am writing to support Mr. Johnsons lease renewal of the "Let's go Fishing" shop on the pier this November. As you all must know, Mr. Johnson is a Viet Nam Veteran and currently ill. His wife Marion and grandson Michael are currently running the fishing store on the pier as their main source of income, as the family has for almost three decades. That shop is a terrific plus for the City because it has introduced countless mentally and physically challenged Special Needs kids to the sport of fishing, and kept many of the youths away from knuckleheads and out of trouble. Additionally, the Johnsons have supported a host of recreational events in Huntington Beach, primarily to support the youths of the City over the years and it would be a shame and inappropriate to backdoor them off of the pier. Accordingly, I am requesting that you take a hard look at what you want this City to stand for in the long term.

Respectfully,

Rick DeMartino
