Subject: Concerning the Asst. City Manager Job

Dear Mr. Chi and City Council members,

I strongly suggest looking elsewhere for an Asst. City Manager instead of picking Travis Hopkins. After what happened with the bench and the shady dealings to remove the bench because of Kim Kramer, this is the last job that Travis Hopkins should be appointed to. Please think again about who you are putting into a position like this and what they have done along the lines of helping a nobody citizen being able to have so much control over things like a bench in a park being moved without going through proper channels. Why not find someone else that will do the job without being shady? Or is it that is what is wanted so more dirty dealings behind closed doors can go on?

Sincerely,  
Anna Plewa
