**Subject:** Master Public Art Plan

Dear Council Members,

Although I am not a resident of Huntington Beach, my father and I both graduated from Huntington Beach High School and our family has a long history of taking advantage of the city's many gifts and attractions, such as the beach, the former Surf Theater, the pier, the Central Library, shopping and restaurants, to name a few.

I have been an enthusiastic student at many of the Huntington Beach Art Center's classes for several years, and also a member of the Huntington Beach Art League. Art is a big part of life and having the Master Public Art Plan adopted would be very impactful not only in the cultural sense but would also play a big part toward increased tourism. I and fellow students wholeheartedly support this plan and urge you all to consider and approve of its implementation.

Sincerely,

Lillian Sasaki  
Member, Artist Council of the Huntington Beach Art Center  
Member of the Huntington Beach Art League

**Subject:** Art Support

As a local artist, I fully support the city council's proposed program to support the arts both financially and with the institution of art classes and public displays of Art. This helps to create tourism and also magnifies the beautification of our city for our residents. Thank You, Kathleen Bivens-Preble.

Subject: Public art

I have one main comment to make concerning Public Art. Last Saturday two of my friends and I spent 4 hours looking for the city's 43 listed pieces of

"Public Art" as listed in your published information.

We were able to see around half.

My comment concerns the lack of a usable map. The map provided is totally useless. If someone is not familiar with the city, they will be out of luck. At the information center at the Pier Plaza, walking tour brochures are available for both Huntington Beach and Sunset Beach. Something very similar would be a good start.

More "Public Art" will not be much appreciated if the average resident or visitor is unable to access it easily.

Another comment concerns what the standards are to be labeled "Public Art".

The standards seemed to be rather flexible.

Thank you for giving me the ability to share my thoughts.

Subject: public art

I want to voice my support of Public Art coming to Huntington Beach. Public Art is for everyone, not just those who can go to museum after museum, plus it says something about a city when you see art around the city. Looking at an art piece brings an uplifting feeling for everyone, and why not do that. Lord knows, we need this in these hard and crazy times.

Please support the Master Plan for Public Art, PLEASE.

Nancy Byrnes

So happy to hear that the City of Huntington Beach is voting Monday to adopt a "Master Art Plan."  
Art was the only reason I wanted to go to school during my HS years.

My Grandson has his first art classes this, his Senior, year and he is seeing a whole new world which is exposing home to careers he has never considered.

Implementing Administration Item 20-1481 will enhance public access to local artists. There is real talent in Huntington Beach. A.I. 20-1481 will provide a larger viewing and exposure for these local artists as well as draw people from other neighborhoods to come witness the local and non-local talents. I've been told it works very well for Laguna Beach.

I hope that you will adopt this agenda item and enhance an already thriving community in this beautiful city.

Thank you for your consideration.  
Jean Miller  
Resident

**Subject:** Master Art Plan

Good day esteemed City Council Members -

I am very pleased that the City of Huntington Beach is voting Monday to adopt a "Master Art Plan." There is room beyond this e-mail to dialog about how important art is to a community. I worked in the industry of education for 32 years and can tell you from first-hand experience, the schools who supported the arts provided, (opposed to those that did not), a higher level and more rounded education that drew students to their classrooms.

Implementing Administration Item 20-1481 will enhance public access to local artists such as those who attend my free art class in Rancho Del Rey or those artists who are members of the Huntington Beach Art League. There is real artistic talent in Huntington Beach that has a limited forum. A.I. 20-1481 will provide a larger viewing and exposure for these local artists as well as draw people from other neighborhoods to come witness the local and non-local talents. I know it works very well for Laguna Beach.

I hope that you will adopt this agenda item and enhance an already thriving community in this great city.

Respectfully,

John Wysocki  
Resident Rancho Del Rey Mobil Home Estate
