COMMENTS & ADDITIONAL NOTES

Coronavirus.. Are you aware that car dealerships in your area are business as usual. My husband works at one in a sales capacity. Not only are they not shutting down their doors they are doing the opposite. Requiring "all hands on decks". Increasing staff hours and no days off. They somehow have convinced themselves they are an essential business. People are buying cars for fun right now, not out of necessity. While I can accept keeping a small number of people working for online sales. This is just absurd. It is negligent to all the employees and their families. Turning a blind eye to these types of businesses does not help the situation.

Please CLOSE the parking meters along PCH at the beach! We live on 21st and the beach traffic was awful on Saturday because ALL OTHER BRACHEA ATE CLOSED!!! Can you PLEASE protect the residents of HB and actually CLOSE THE BEACHES and stop the influx of gatherings at this time. The virus Ives on metal and all those metals are gross. Thank you.

COMMENTS & ADDITIONAL NOTES

I am writing to express my extreme disappointment with our Huntington Beach City leaders and their lack of coordination with our adjacent LA County and nearby cities as it pertains to health and safety during this global disaster.. As you should be aware, LA County and other OC cities closed their beaches. To no surprise, our community is now inundated with surfers and others from surrounding cities. You are jeopardizing the health and well being of our Huntington Beach community by consistently being behind other counties/cities who are taking appropriate action to protect their people. I urge you to take action to protect us and save a few lives.

City Manager's Report

COMMENTS & ADDITIONAL NOTES

Honorable Council Members,

Thank you for all the work you have already done in response to this pandemic threat. Your early efforts have no doubt bought our health care system time to prepare. I want to suggest a further step. Some countries who are being most proactive in the fight against COVID-19 are implementing a requirement for people to wear a mask while grocery shopping (<https://www.cbsnews.com/news/austria-supermarket-face-mask/>). The grocery store is an emerging frontline in the fight against the spread of COVID-19. If customers and workers wear mask it will stop the spread of COVID-19 at grocery stores, the one place even those who are sheltering at home still have to go occasionally. Even homemade masks or bandanas or scarves are better than no mask as they catch the exhaled droplets that are laden with the virus which is the primary route of transmission.

https://www.ncbi.nlm.nih.gov/pmc/articles/PMC2440799/#_ffn_sectitle

Many in our community are now making home-made face masks. We can do this if we pull together as a community. HB is currently a hot spot in OC for COVID having one of the highest counts of cases compared to the rest of the county. Let's not let this thing spread any more than we have to. #Masks4All

COMMENTS & ADDITIONAL NOTES

Please look into closing the volleyball courts and playground on the beach. Please consider closing the pickle ball courts next to HBHS as well. I frequently see groups of people congregating in these areas. While I understand the desire to get out and get some exercise, this is unsafe for everyone. Please consider taking action to shut down these areas for the time being. Thank you!

COMMENTS & ADDITIONAL NOTES

Concerned over the amount of people that are still out and about everyday. My household has been abiding by the stay at home guidelines and are both out of work due to the pandemic we are facing. I find myself confused when I have left the house to run errands that are neccessary and there are tons of people EVERYWHERE. We are staying home hoping that we can all get back to our lives and jobs if everyone complies! Is there anything that will be done to make people listen and stay at home so we can all get back to work sooner than later!?

STREET ADDRESS

COMMENTS & ADDITIONAL NOTES

Large numbers of homeless individuals in edison park during this virus outbreak. The HBPD has been call many times, each day, with little to no results. The local neighbors are all doing their share of following directions yet seeing these actions in the park are disturbing.

COMMENTS & ADDITIONAL NOTES

I was driving to work at Hoag Hospital on Saturday 3/29/20. There were so many people on the bike path that maintaining appropriate distancing looked impossible. It looked like a busy summer day. I was shocked HB is allowing such unsafe practices to continue during this crisis. Please have police patrol the bike paths near the pier and at Goldenwest X PCH. If people had to drive to get to the bike path they shouldn't be there. People should exercise in their own neighborhoods.

Why are all the beaches not closed? Obviously so many are not following yours and the states orders. Why are people not sited? These people are dangerous - I'm certain you don't want the virus spread anymore than I do. Is it not your job to protect those who are adhering to the rules - rather than those not doing so? Please do so.

COMMENTS & ADDITIONAL NOTES

Treatment and population management for Covid-19. To get our city ready:

Strategic goals:

***treat this as if you have an Ebola or TB outbreaks!

Population control

1. Mass 10 min rapid test public screening. **Prioritize crucial economic and pandemic areas.

2. Shelter at home for general public (limiting travels) for 3 weeks.

3. Mass public treatment & prophylaxis with meds.

**Positive: Plaquenil 400 mg bid x2 then daily x5d plus Z pack Iso 7d.

**High risk contacts, providers in positive areas prophylaxis treatment Plaquenil 400 mg weekly x2-3 weeks.

**Proven supplements: 2g Vit C, Zinc 100 mg against Covid virus.

**Proven recovery for muscle mass & functions: protein supplements with high Leucine 2x/d.

75% improvement day one and max benefits day 14 in research.

4. Mandatory isolation at home 7d on meds. (Take 5d to kill 99% body virus).

5. Er protocols PPEs, rapid 10 min Covid-19 testing outside for Er triage of suspected patients: screening-Rx-Er dc. Use FDA clearance cheap test kits. (Can provide the kits...see below).

6. Admit high risk patients only. Rx may include Iv antiviral (Remdisivir 200 mg iv day one then 100 mg daily x 5d (longer if sick with high D dimer intubated risk)

7. Hospitalized moderate risk Plaquenil & Z pack, cautions hydration to avoid ARDS, avoid

Rocephin, ACEI, ARB, NSAIDs.

As a frontline Hospitalist and Healthcare consultant with Health plan VP position, I can help getting our city with 10 min rapid testing kits, telehealth simple link turning any text into secured Telehealth portal, provide much needed PPEs, sanitizer hand, face, spray, among others needed items to combat Covid-19, education on prevention and mass population control with information directly from US DOD, professional on frontline of outbreaks.

Sincerely,

Dr. Tam Nguyen

Community Advocate

Experience dealing with outbreaks and population control.

Healthcare consultant.

Resident with Coronavirus seen in public

It was reported online that Colton Underwood has coronavirus, he posted this 10 days ago. And today I saw him riding his bike in public with a large group of people. It was around 5:30pm at 8th and Olive in downtown HB. Why are residents being put at risk? Can something be done to ensure they are abiding by quarantine?

Why is the strand and beaches open when we're all trying to do our part in staying at home. How embarrassing to our city. You need to act now. Unfair for those who are elderly or sick. What are you thinking. This is a serious situation and should be handled with empathy but with a strict hand. Serious matters is not done now.

COMMENTS & ADDITIONAL NOTES

I've lived in HB for 31 years and love it, but now is the time to shut everything down. There are way too many people coming from outside the area and way way too many people on our bike path, walking about and not being mindful of social distancing. We have to slow the spread and protect our city.

COMMENTS & ADDITIONAL NOTES

Hi, Lyn - This isn't a question. Rather, I wanted to provide positive feedback on my interaction at Home Depot located on Warner and Goldenwest. More specifically, I am impressed with their concern for my safety and their employees. They are currently ensuring a smooth customer flow (100) at any given time. There is signage encouraging social distancing. Lynn, the store manager, has implemented double time pay for overtime, given every Full Time employee 80 hours of PTO, along with FMLA, etc., Employees are also encouraged to come forward for leave with pay if they are uncomfortable, wary, or anxious. Hazard pay is in place for employees (heroes) who stay to work during this crisis. Lynn has also ensured there is a fully stocked pantry with frozen meals, snacks, drinks for employees. I know many businesses are stepping up. It would be great to see a city page where we can provide feedback on all the good we are seeing. I'd like this feeling (pride, gratitude, appreciation) to be part of this serious crisis legacy. Thank you for letting me take this time.

I am very disappointed that the parking lots of the city beach are closed when I abide by the rules and I am penalized for the closure. I purchased my parking pass but can't use it now. Cite the people who are not using social distancing. Why are the homeless people being allowed to camp on the beach by the entrance to the parking kiosks off of PCH and Beach Blvd?

COMMENTS & ADDITIONAL NOTES

This is for the mayor, as I'm wondering why park have not been closed? I was out on a jog, by myself today and saw kids playing basketball on the court at a park, on graham near Edinger. Most people I know are currently unemployed, which is devastating, but we are all taking precautions for the health and safety of the country, not so people can have a leisurely game of basketball on a weekday afternoon. I hope the city is taking this seriously and not following guidance trickling down from the lack of leadership we've had here under the highest in office. Thank You!

COMMENTS & ADDITIONAL NOTES

What are we doing as a city to expand hospital capacity? So far our county case count is low and buying us merciful time to prepare. Have we designated sites for field hospitals? Procured state, county or Federal funding for additional training and equipment? If not the time to start is yesterday. Let's learn from NYC.

COMMENTS & ADDITIONAL NOTES

Hello, I am writing to ask you all why our beaches are still open. News article after news article have written about the crowds at our beaches. Like me, I'm sure you've all seen it when you drive by as well. Why close the parking lot and pier and not the beach itself? Other cities have closed their beaches, why haven't we? There are crowds at the beach as I write this. What are you waiting for? More cases of coronavirus in HB to be confirmed? I would appreciate you explaining the rational behind moving so slowly to stop the spread of this virus. Sadly, a sizable number of people don't think the quarantine measures apply to them. Until you make things punishable by law, they will continue to go about their lives as if we weren't in the middle of a pandemic.

Thank you,

Jennifer Squires-Will

I live off of 6th and ORANGE and am very concerned at what is going on in our city with this Plague. I cannot believe we still have our beaches open. What are you waiting for more people to get sick. THIS is VERY SERIOUS. I called and spoke to your Hotline today, very nice lady, WHY are we WAITING to close this beach???? Its not IF its WHEN. We will eventually close we will have no option because people will be sick and it will out of control, then and only then will you close it. I am BEGGING you to close the beaches. SAVE LIVES. SAVE OUR FIRST RESPONDERS. No need for anyone else to get sick. Do you not think we want to get out and mingle and hang out downtown???? Why are bowing to this plague and not saving our people?? YOU ALL ARE RESPONSIBLE, we ELECTED YOU ALL.. PLEASE HELP. NOW.

Subject: Resident Inquiry

Good Morning Catherine,

Below is a brief summary of a resident's complaint/message he wanted to get to Oliver.

In short, John Kaa lives across the street from Edison Park. He is a retired firefighter, he has reached out to Fire & PD numerous times call in complaints about 30-40 homeless people at the park. He understand current legislation ties the hands of what PD can do when responding to calls like these. However, he wants to continue to reach out because he is practicing social distancing and his family is having a hard time understanding why those folks are using the park facilities and they can't. Further, he underscores that his main concern is public health, given the COVID-19 pandemic and the proximity, he has all the natural concerns should any of the homeless folks contract the virus.

I wanted to put this on your radar.

John's contact information: (714) 488-3571

Respectfully,
Abraham Torres

COMMENTS & ADDITIONAL NOTES

You guys need to close the beaches immediately. You are going to cost people's lives. The general public does not know how serious the Covid-19 situation is and you need to do your part to ensure public safety. So close the beaches now before even more people get sick and eventually die.

COMMENTS & ADDITIONAL NOTES

Why are we not closing all our beaches. I saw some groups the last few days. We must take a more decisive action to protect all of us. Let's be a leader here! Beach cities are more prone to virus increases due to the attraction of the beach. Close them please.
