

# CITY OF HUNTINGTON BEACH MAIN STREET REOPENING PLAN

FRESH AS OF MAY 26, 2020

# LET'S EAT!

Choura is on a mission to **help the world gather again, safely**. Our solution: reasonably priced, rapidly deployed community spaces and dining extensions for local restaurants.

Few social activities unite people the way dining experiences have over the centuries. Studies suggest that communal eating increases social bonding and feelings of wellbeing, and enhances one's sense of contentedness and immersion within the community. So, how do we unite local restaurants to create a hub where the city can come together to enjoy good food?

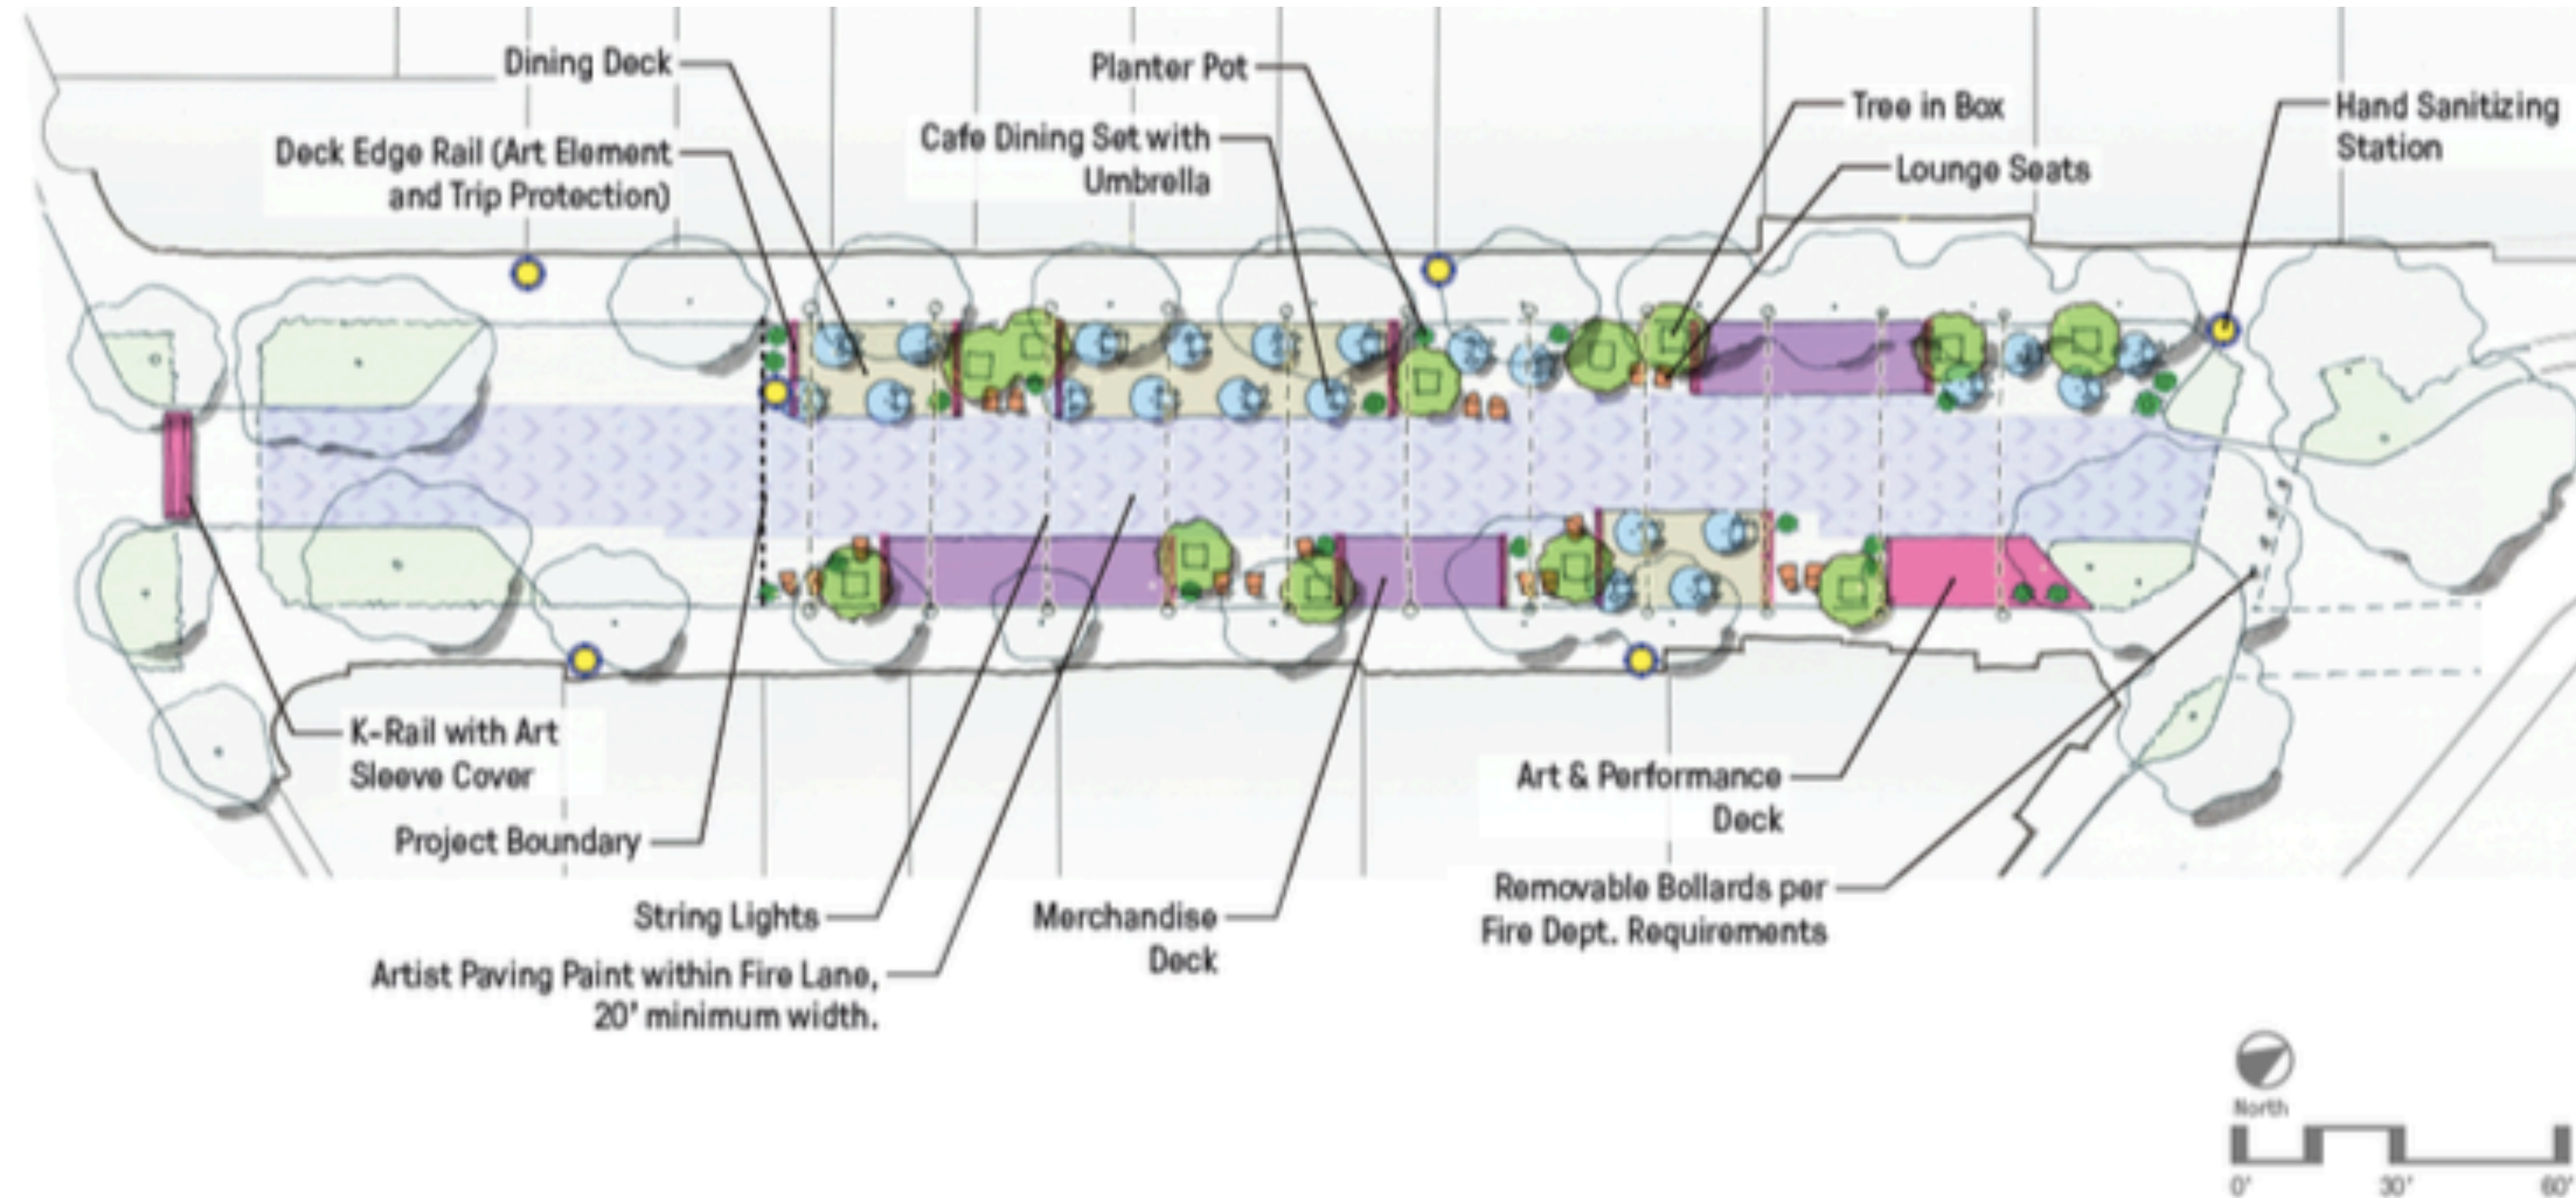

## OBJECTIVES

1. Design an outdoor space that generates buzz within the city to draw people together
2. Instill a sense of community and authenticity by designing spaces to reflect the local character
3. Stimulate local businesses by providing solutions through increased capacity
4. Allow the community to shift focus from worry to a safe experience that acts as a destination

# LAYOUT SAMPLE

*\*\* This is a design crafted by SWA that we are implementing in the city of Laguna Beach.  
This is an example of what we could do in Huntington Beach*

# DECKING + FLOORING SAMPLES

**2' BENCH CONCEPT**

**BEAM AND PLANK**

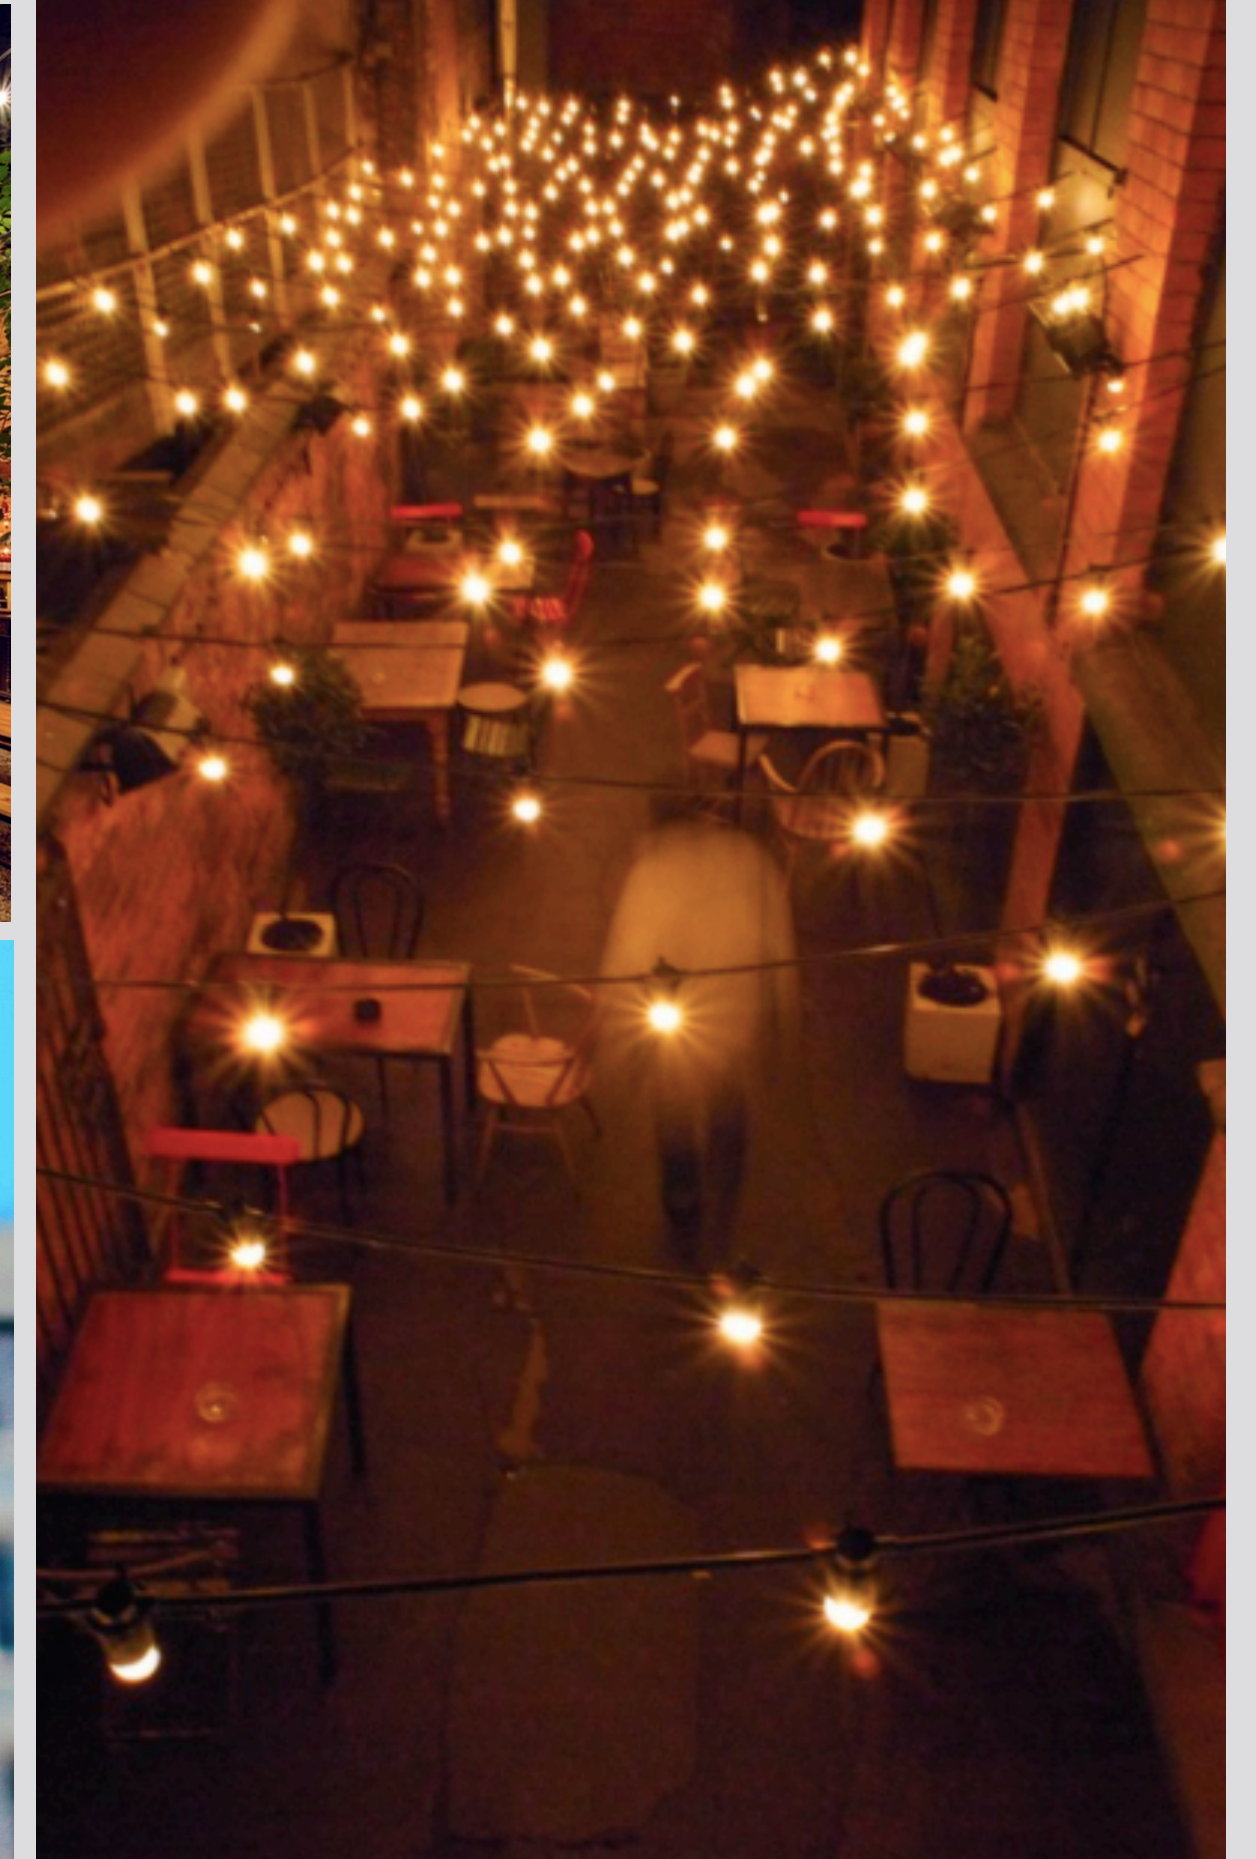

**OVERHEAD SHOT**

**PARKLET OVERHEAD**

# LIGHTING + MOOD

Lighting installations can be anchored and secured using concrete ballasting.

# FURNITURE + DESIGN

**ASHLYN DINNING SET**  
SMALL

**ASHLYN DINNING SET**  
LARGE

**CHARLIE DINNING SET**  
\*BENCH

**BISTRO TABLE**  
\*BLACK/RED
