Subject: No indoor dining mandate being ignored

Good Morning Ms Hardy,

I have been a resident and homeowner in HB for 25 years.

I am very concerned with the fact that there are businesses in HB who are ignoring the "no indoor dining" mandate and "masks required". One business in particular I am sure you are aware of because they have been in the local and national news and apparently HBPD and City Hall have been advised of. In fact, we have a family friend who delivers for Post Mates and when he went to Basilico's, he was told he could not enter the restaurant with a mask so he either needed to remove his mask or wait outside for his order. I personally went to the restaurant last week and observed a full dining room - indoor dining room.

Why is the City not enforcing the state mandates?

Your response will be greatly appreciated.

Sandra D
