I am in favor of extending outdoor dining through the end of this year. I feel the restaurants need all the help they can get and they seem busy and are doing a great job.

Hello Sarah

Thank you for the email.

On behalf of Tzone HB, we'd say that the street disclosure direction does have our support since the customers can dine outside and it has attracted more people to walk to the area.

Best regards,

Tram Le

I vote yes, keep the extension. The financial impact is of course beneficial to businesses but the real win here is the sense of community it has brought back to the neighborhood.

Yes I support the extended closure. Its refreshing and revitalizes the downtown without a large expenditure of time or money. I really feel other than sitting at the bar my inside business will never be the same, at least until we get some rain. It creates a festive atmosphere that invites a more civil crowd that spends both time and money downtown that not only the restaurants but the retail also is benefiting from.
