To: Estanislau, Robin; CITY COUNCIL
Subject: SB1159/Legislative review needed/Agenda Item 23 9/8/20

Dear Council

Item 23 does not appear to include SB1159, an urgency measure, on the presumption of injury from COVID for certain categories of workers including law enforcement. Should the governor sign, the legislation will become effective immediately.

The bill is supported by various unions and opposed by various public and private employers.

Please review the legislation and take a position. If you support, then plan for the increase in workers comp benefits.

Pat Quintana
