Subject: Council Agenda Item 20-1988 AES Capital Improvement Projects

Honorable Mayor Semeta and City Council Members,

I have lived in South East Huntington Beach (SEHB) for 47 years and have been involved with the many changes in my neighborhood during this time.

Item # 20-1988 on the agenda of the 11-2 City Council meeting proposes a number of options for AES capital improvement funds. I urge you to table discussion of the CIPs recommended in Item #20-1988 until extensive community outreach can be achieved.

In the memorandum of understanding submitted by AES regarding the expenditure of the \$4.9M on CIPs, the 5 areas identified are apparently the results of a semi-private survey. Unlike AES' extensive community outreach on the mural and its design, the suggested CIPs were presented in a ZOOM presentation to 97 last minute invitees. The ZOOM invitation was received the day of the meeting. Throughout the 20+ year AES project, it was understood that improvement funds would be used to enhance the neighborhood most affected – SEHB. The impact of living near two power plants affects the air, water, noise, and aesthetics of SEHB. This money should go to the area of the city that bears the most burden.

Please reach out to the residents of SEHB before you make any decision on the allocation of these funds.

Respectfully,
Donna Dillon

Subject: Mural

Hello,

I live near Bushard and Pacific coast Hwy for 35 years. May the citizens of HB vote or have a voice on the mural that is being placed in our community ?
Thank you for Considering
