City of Huntington Beach Residential Trash Collection Rate

Mickey Shubin

16555 Tropez Lane

Huntington Beach, CA 92649

I protest the increase of trash collection rates.

Reason being that we live in a condominium and produce no greenwatse.

12/03/20

It certainly appears like a reasonable amount
or rate you intend to increase our Trash
collection amount (5 times between February 1st
and 2021 up to July 1st, 2025 or 98¢ per month
for each month of the year. Or a Grand total of \$11.76
per year for 5 years or \$58.80.)

However my wife and I as owners for 51 years
have had to absorb a considerable amount of
constant new costs or funds for all these years.
So it would be nice if you took this into consideration
and at least reduce the amount to something more
manageable like say \$48 percent or \$240 for 5 years.

This would ease a lot of pain for all concerned and
show our leaders have a lot of compassion for
faithful owners. Hope you'll reconsider our re-
quest along with all the virus we have to contend
with among numerous other problems to contend with.
Hoping and Praying you'll come through for us.

Yours truly,
James & Elaine Mannino

RE: Letter of Protest: City of Huntington Beach Residential Trash Collection Rate

APN: 159-031-24

I protest the increase of trash collection rates. Households are struggling to pay rent and/or mortgages during COVID, and until the emergency order in California is lifted, municipalities must not increase costs to live in the city.

Further, the City contracts trash services to one company and does not allow any competition in the City for this service. The city should allow other trash haulers to provide service to attain most competitive rates and terms.

I strongly protest the proposed increase in rate.
