Subject: Comments on item #24 for Agenda January 19, 2021

Dear Mayor Carr and City Council members:

I am writing to urge you to present a united front and vote in favor of item #24 on the upcoming agenda. It is time for Huntington Beach leaders to be positive changemakers and role models for our community, and this is a critical time to do so.

In addition, I urge you to include a future agenda item to discuss and address the fact that downtown Huntington Beach has become a gathering point for "bad actors" to overcome our downtown and prevent many residents from going down to support the small businesses there. My family and I do not feel safe, and the passive response of our city and our city's law enforcement has contributed to these groups continuing to come to the pier. While I support anyone's right to free speech, this has gone on long enough and has become a threat to the city...already damaging our reputation well beyond our borders.

Thank you,
Janet Michels
HB Resident

Dear Council Members

As Governor Schwarzenegger stated, now is the time to speak out and condemn the acts of sedition at the US Capitol Jan 6.

By not taking a stand you would be tacitly approving of a strong arm insurrection and standing against the US Constitution. This is not a difficult choice. Every official, every local and state government should not hesitate to condemn such acts. Please, stand for our country.

I would like to add my support of affirming our city's stance against the domestic terrorism that occurred at our nation's capitol on January 6th.

I believe it is our city council's responsibility to take measures to prevent domestic terrorism from occurring in our city. We must not tolerate any further riotous and/or violent behavior in our downtown and pier locations.

I would also like to thank council members Natalie Moser, Dan Kalmick, and Barbara Delgleize for adding this to the agenda.

Thank you,
Janice Janssen Orecchia

Hello, I'm a Huntington Beach resident and I'm in favor of item 24 on the agenda tonite. I would like to see the city condemn the Trump Insurrection at the the Capitol on January 6th. It was a shameful act. We do not want local groups to think that kind of activity is acceptable.
