Subject: Mondays meeting.

Two items I want to address. One is reducing parking for construction. We already suffer a lack of enough parking in most multi unit complexes and downtown. To reduce parking requirements is the wrong thing to happen. We actually should be increasing the number of required spaces per unit to keep up with the reality of what's needed. Additionally. The item before the planning commission regarding Republic services. You have a extremely biased commissioner in Oscar Rodriguez. He's been involved in lawsuits and haressemen of republic for years. Additionally any project in the Oakview area. He should not be allowed to vote on. For a huge conflict of interest. Considering he's a founder of the radicalized group. Comunidad. That represents that area. Thank you. Craig Frampton
