What a tremendous liar you are. Does your mom know how much you lie?
You allow a non masked government lobbyist into council chambers(but not us voters), so you can cram CCE down our throats. Now you want to remove Tito?

Remove yourself please. You and Carr and Moser will vote to change zoning so you can level TK's, DQ and the old houses behind it so you and HBPA can build a high rise.
Please don't make yourself a fool by saying you represent the city of HB- you don't. You Kalmick, represent HBPA and your own pockets.

Feel free to call me. I can be reached at (714) 501-7013.
