FINDINGS AND CONDITIONS OF APPROVAL

COASTAL DEVELOPMENT PERMIT NO. 20-023

FINDINGS FOR PROJECTS EXEMPT FROM CEQA:

The Zoning Administrator finds that the project will not have any significant effect on the environment and is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to section 15303 of the CEQA Guidelines because the project consists of the construction of one single-family residence within a residential zone.

FINDINGS FOR APPROVAL - COASTAL DEVELOPMENT PERMIT NO. 20-023:

1. Coastal Development Permit No. 20-023 to demolish an existing 2,464 sq. ft. single-story home and construct a 6,105 sq. ft. two-story home with an attached three-car garage at an overall height of 29 ft. 5 in. conforms with the General Plan, including the Local Coastal Program because the project is consistent with the Coastal Element Land use Policy C 1.1.1 to encourage new development to locate within, contiguous to or in close proximity to existing developed areas able to accommodate it. The proposed project will occur entirely on a developed site, contiguous to existing single-family residential development.
2. The request to permit the construction of a 6,105 sq. ft. two-story home with an attached three-car garage at an overall height of 29 ft. 5 in. is consistent with the requirements of the CZ Overlay District, the base zoning district, as well as other applicable provisions of the Municipal Code because the project, as conditioned, will comply with all applicable development regulations, including setbacks, lot coverage, and privacy requirements.
3. At the time of occupancy, the proposed development can be provided with infrastructure in a manner that is consistent with the Local Coastal Program because Coastal Development Permit No. 20-023 for the construction of a 6,105 sq. ft. two-story home with an attached three-car garage at an overall height of 29 ft. 5 in., is located in an urbanized area with all necessary services and infrastructure available, including water, sewer, and roadways.
4. Coastal Development Permit No. 20-023 to permit the construction of a 6,105 sq. ft. two-story home with an attached three-car garage at an overall height of 29 ft. 5 in. conforms with the public access and public recreation policies of Chapter 3 of the California Coastal Act in that the project will not impede public access, recreation, or views to coastal resources.
