**Subject:** Item H

Enough of the building here in Huntington Beach. There is no room or need for it. Do any of you ever know how many rentals and places are for sale at any time? There is more than enough. Look it up and you will see that as of today, April 15, 2021 these places have more than enough rentals for people to rent.

Luce-20 units  
Broadwalk by Windsor-24 units  
The Residences at Bella Terra-11 units  
The Breakwater Apartments-34 units  
Pacific Shores-13 units  
Ocean Breeze Villas-15 units  
Regency Palms-10 units  
Harbor Lights Resort Apartments-18 units  
Elan Huntington Beach-15 units  
Beach and Ocean-10 units  
The Residences at Pacific City-10 units

and there are many more rentals than that as well. Next the more you add the worse the traffic gets. Do any of you EVER go around the Bella Terra area? Drive down Beach Blvd? These areas are hard to get around now as it is. How can you think adding more places to live is a good idea? What about things like police, fire and schools? The more people you add here the more of those services will be needed in our city. As well as take a look at what happened during the last year with COVID in the many cities that have packed in the people of their cities. It took a toll on those places and showed that packing people in like sardines is a TERRIBLE thing when a pandemic hits. Let's see the city fight the outrageous numbers given from SCAG because there is no place left to build here.

Subject: Agenda #19 fight HDD protect HB residents

HB City Council Members,

Please support Agenda Item #19 on the April 19th City Council meeting and unleash the City Attorney's Office to fight Sacramento on the forced zoning for 13,386 additional STACK & PACK HIGH DENSITY Apartments.

HB residents expect you to act boldly and decisively to protect the residents of Huntington Beach.

There already too much traffic congestion in our city. There's an abundance of apartment availability as we see lots of "for lease" and "for rent" throughout our community.

Stop STACK & PACK HIGH DENSITY.

Kind regards,  
HB Resident  
Lily Jacinto
