**How will your qualifications best serve the citizen advisory group that you are applying for, and why do you wish to serve on this group? \***

Currently, park owners are under represented on the board. I believe that my experience owning and operating a manufactured housing community in the city will help bring some perspective and insight to the board. I work with my park residents on a daily basis to help resolve their questions and concerns. I believe that I will be able to work with other members of the board to address issues involving mobile home communities.

**It is the policy of the City Council to make appointments to the citizen commissions, boards, and committees, based on the needs of the city, as well as the interests and qualifications of each applicant. Selection will be made without discrimination based on the race, creed, gender, or sexual orientation of the applicant.**
