Can you please help me to understand why you have not ended the state of emergency when you are hosting a giant Fourth of July gathering this weekend? We continue to see your absolute corrupt behavior and how you have absolutely no regard for your constituents. I expect a detailed response as to why this continues. You work for us. This looks like a giant money laundering scheme.

Meanwhile Huntington Beach has turned into a giant homeless drug addicted encampment....what are your plans to do anything about that?

Please also include the agenda for your next board meeting.

I am a resident of Huntington Beach and really concerned in the direction city council is taking this great city.

I have come across Senator Dave Min's Instagram in which he posted a picture celebrating the 4th of July.!

If our city is in such peril danger why are we hosting events for the holiday weekend?

The city needs to lift its State of Emergency now! End the emergency now! I will continue to email and call until my voice is heard.

Thank you
