Subject: State of Emergency

Dear Huntington Beach City Council,

First of all, thank you for taking the time to read my letter. I'm writing regarding the decision you will be making about the emergency order currently in place.

Our case rate, hospital rate, etc are all WAY down, in fact better than they've ever been! We citizens have done our part and have stayed safe. The 15 days to slow the spread that has turned into 15+ months needs to end. Show us proof of "extreme peril" as defined in city and state emergency codes, and we will support that, but at this point it seems prudent that we go about our business in a normal fashion.

Thank you for leading this city and supporting the will of the people who live here and enjoy this beautiful place.

Sincerely,

Rebecca Sorensen

"Let every person be quick to hear, slow to speak, slow to anger; for the anger of man does not produce the righteousness of God."

~ James 2:19-20

Subject: State of Emergency

Dear Board,

It was such a great weekend here in HB. We had a great time biking down to the pier festivities, eating at our local restaurants, watching the parade down our street, and watching fireworks last night. It is time to end the State of Emergency. Covid is here to stay, like the Flu, and we need to be taking personal responsibility for our own health at this point. Those that want to mask, social distance, and stay home can. Those that got the vaccine should be protected and those that don't want it know the risks. We have minimal case numbers and hospitalizations and those don't warrant the continued emergency order. Please do the right thing and send a message to our state government. Thank you!

**Subject:** Lift State of Emergency

Meeting Date: 7/6/21

Agenda Item No.: 19(21-513)

Dear HB City Council Members,

Please lift the state of emergency order over HB!

***According to the California Emergency Services Act (ESA) Section 8558-b: a state of emergency can only be called if the threat overwhelms the current resources of the state.***

***Furthermore, the state of emergency has to be terminated at the earliest possible date. Section 8558 (b) "State of emergency" means the duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by such conditions as air pollution, fire, flood, storm, epidemic, riot, drought, sudden and severe energy shortage, plant or animal infestation or disease, the Governor's warning of an California Emergency Services Act 4 California Governor's Office of Emergency Services earthquake or volcanic prediction, or an earthquake, or other conditions, other than conditions resulting from a labor controversy or conditions causing a "state of war emergency," which, by reason of their magnitude, are or are likely to be beyond the control of the services, personnel, equipment, and facilities of any single county, city and county, or city and require the combined forces of a mutual aid region or regions to combat.***

Huntington Beach clearly does not meet this criteria. Therefore the state of emergency is invalid and unlawful.

**Therefore, the state of emergency should have been terminated many months ago according to California law, which states, "at the earliest possible date that conditions warrant."**

Please join the City of Newport Beach and remove this unnecessary order.

Thank you.

Tracy Marcus

Subject: Lift the state of emergency

HB City Council,

It is time to lift the State of Emergency declared by Huntington Beach. Enough is enough. People need to get back to work, get off public assistance, and get on with their lives. This past year has been a disaster for our economy and frankly, it's been over-the-top fear and unfounded hysteria. It is time to get things moving forward again. A big gesture towards this end would be lifting the State of Emergency. This would make even more sense due to the fact that anyone with a functioning brain can clearly see there is no State of Emergency. Make this happen.

Sincerely,

Jeff and Erin Buckingham  
45 year residents of HB

**Subject:** State of CA Emergency Order

Dear Council Members:

It has come to my attention that there is a local emergency declaration in place because of the CA state of emergency signed by Governor Newsom due to the COVID-19 pandemic.

I'm concerned that this declaration is still in place when the state has officially opened up and there are no upticks in cases and the Delta variant, though contagious, is no worse than the flu. Many are vaccinated and the idea of continuing a state of emergency in our city doesn't make sense.

When will this emergency declaration be terminated? Please consider doing this immediately as it is necessary for all residents to return to normal, knowing our city follows common sense guidelines.

No more masks, no more lockdowns, and an end to the emergency declaration would be most appreciated.

Many thanks for your consideration.

Most sincerely,

Joan Garnett

Hi city council,

I expect that whoever votes in favor of the agenda item to terminate the existing COVID-19 local emergency declaration will justify their reasoning in light of sharply increasing new cases in Orange County and all of our neighboring counties.

See below for my custom visualizations of the most recent 60 days of CDPH new cases by episode date as of the CDPH update from this morning, showing Orange County and our neighbors.

**Subject:** Vacant seat at the council

Dear council members,

I have been a resident of Huntington Beach for 35 years. I am writing to request you appoint Oscar Rodriguez to the vacant seat on our city council. I have had the privilege of working with him on a few occasions and have been impressed not only with his organizational skills and his awareness and creativity in finding solutions to problems, but also with his genuine dedication to making our society better for everyone. He understands that quality of life is interdependent; we all do better when each of us does better.

Oscar is loved and respected in his community of Oakview. He also has developed mutually beneficial relationships among other communities and groups in Orange County and California. He is well qualified to represent the needs of all residents of Huntington Beach. This is particularly important during our times, when local communities need a united and inclusive vision for a safe and healthy future.

In addition, during the 2020 election, Oscar gathered a large portion of the community's votes, a good indication that he has community support.

Respectfully,

Magda Saborio-Saldana

**Subject:** Agenda Item 18 Support

Dear Mayor Carr and City Council Members

I am pleased to see Agenda Item 18, proposed by Councilmember Moser proposing that Staff be directed to Develop a City Sustainability Plan. The State has mandated that cities have detailed Climate Action Plans and I hope that this measure is a step in that direction. Climate Change will have a significant impact on Huntington Beach and the city must have the tools to mitigate its impacts.

I hope that all members will support this proposal and the further development of a Climate Action Plan.

**Subject:** Lift the state of emergency

Please join our neighbors in NP and stand up for our citizens by ending the state of emergency. I VERY much appreciate that this will be discussed tonight. With the weekend events as they were a success and so crowded I think we can all see it's time, and with no science to back the emergency it is the only way forward. HB has been a pioneer city of freedom this year, please keep that going and end this state of emergency.

Thank you,  
Emily Preus

Subject: Remove State of Emergency in the city of HB TONIGHT!

Dear Sirs,

In tonight's agenda, it is imperative that you lift the state of emergency, just don't consider it. Our community needs to move on from the disastrous mental effects Covid has had a role on our HB citizens from our elderly to our toddlers this past 16 months. We have endured downtown riots, loss of businesses, school closures that have made mental and lasting negative effects on our children (K-college) and IT IS TIME to no longer follow the agenda of our horrendous Governor.

PLEASE not only consider but remove the state of emergency. We cannot continue to hold down special events with hundreds of thousands of people and expect to continue to receive federal assistance. Covid is gone, stop the fear and let's get back to normal.

Thank you for your time in this matter.

Regards,

Joelle Palombo  
HB Homeowner
