Subject: Pier businesses

It is a sad day in our city when the leaders choose a big corporation that serves lousy food, that walked away from HB over a Mom and Pop business that has stuck it out with the city thru thick and thin.

Oliver and the council, this is how you repay a longtime Mom and Pop. This furthers the proof that you have no concern about small businesses.

I want a response as to why you are choosing a large corporation and pushing Mom and Pop to the curb. Small business owners need to know!

Another disgusting act from a failed city council and city manager.

This recall cannot happen soon enough. If Robin did not intentionally interfere with the process, we would be further along. The corruption between the manager and council is astounding.

A citizen who is sick and tired of you not serving those you were elected to,

Janet Bean

Subject: Ruby's!
Importance: High

This just sucks! Chi you need to go! This is so wrong, and wasn't choosing the correct business supposed to happen on September 7, 2021?? What about the mom-and-pop shop "Bait and Convenience Shop", there has been there since 1992? Ruby's left in February, and we don't need them back. They didn't get the business they needed and they won't now! No one, except for maybe tourists during the summer, is going to eat there. Leave the deserving business alone. They have EARNED the right to be there!

Ann Tarkington
Huntington Beach

Subject: HB Pier fishing baitshop NO RUBY's takeout!

Hello,

I am a long time resident and I speak for many and all the residents I have spoken to about this.

We do not want Ruby's takeout with no seating; which will generate so much trash. Not to mention adding to the trash going over the side of the pier into the surf that is so important to us and to the pride of being called a surf city. Our beach lifestyle is about connecting with the ocean, including seeing all types of marine life we experience through fishing. These intrinsic things are valuable to those of us who live here and love the land and water.

We live here and love the community that supports a 75 year old entrepreneur who is a part of those who live here. You would have to be a sociopath to take her business away in the name of more cold soulless cash.

We support keeping the long time bait shop. Fishing is also one of the last connections we have to nature in HB as we have lost so much coastal sage brush open space and only have like two natural ecosystem habitats left.

Go HB,

Dan
