We have serious problems maintaining our roads now. I just drove down Heil between Gothard and Goldenwest and it is seriously torn up. Vote NO on Item #34 maybe we can address this after we can take care of the streets we are already tasked with maintaining. Oh and BTW Dan Kalmick on your take on the the Recall, "Criminal Acts and Corruption" You have met the Corruption standard. You took campaign money from the Corrupt Unions and Voted to not fight Sacramentos Overreach of High Density Housing. You have failed to uphold our Charter Cities Protections of our right to decide what developments we allow in our community. You are Corrupted by the Money and Sacramento's Overreach and Failed to Fight to protect our community. Now as far as Criminal actions, what has yet to be exposed may soon become public. This city council is as corrupt as they come, most of you took the campaign money and support over the communities desires, and have voted accordingly. This after in your campaign mailers you claimed you would not support High Density Development. Is a Lie Criminal?
