**Subject:** Question about Item 21-677

Hi there,

I'm a journalist with the Orange County Tribune, and I have some questions/ clarifications about the 2028 LA Olympics item on the agenda.

-HB is considering adopting a resolution for "supporting efforts to host surfing, skateboarding, BMX events for the LA 2028 Olympics" does this mean Huntington Beach will actually be hosting those events for the Olympics? What do these efforts entail exactly?

Will cost and infrastructure be discussed at the Tuesday meeting in regards to this?  
Is there an idea of what location(s) the surfing, skateboarding, and BMX will be held in HB?

Please feel free to give me a call at 805-660-9696.  
Zia Zografos
