Public comments

1. No public comments

Liaison Antonia Graham

1. Administered the Oath of Office to all JNC members.
2. Review and handout of Administrative Workplace Policy & Documents to be signed by all JNC members.
3. Discussed that all JNC members complete the online ethics training and email back to liaison before next JNC meeting.

Legislative update

1. Antonia - Mayor signed support letter for HR576 bill.

Committee reports:

1. Engagement - Keith will draft a note related to the JWA General Aviation plan for council agenda consideration.
2. Data & Statistics - Mario - A question arose as to the base year of the FAA EA data. A draft plan will be prepared Long Beach that addresses 4 data collection 'gates' and 5 years of interest (2007, 2010, 2013, 2016, and 2108) for the full month of August each year.
3. Litigation - Dave will continue to monitor the Maryland and Phoenix cases. The question is will the FAA simply regress to what they were doing before all this, or will the community involvement actually result in a change.
4. Collaboration - Chris has a draft plan ready for Long Beach Airport that addresses the 3 degree glide slope. Michael will join either on his committee.
5. Communications - Michael let the website StopTheJetNoise lapse due to costs. Antonia to do something to drop the website link from the city website. A meeting is being planned with a consultant for a proposal to help develop a consistent messaging and collateral (print) strategy.

Other

1. Commission voted to cancel the May 27, 2019 meeting. Next meeting will be June 24, 2019
