Councilmember Posey pulled this item to note for the record that the high-density housing "battle" will be determined in Sacramento, and not at the local level. He defined the "15 minute city" residential urban concept behind the proposed legislation coming from Sacramento, and explained the IRC's recommendation to oppose a majority of these items. Councilmember Posey stated anyone with interest in Sacramento legislation can read these bills, and shared he had placed a State legislative matrix for this year and last year on social media several weeks ago to show how few proposed bills actually are approved.

Director Crumby described how the OCTA Measure M2 Environmental Cleanup Program (EAP) approved in 2006 has provided grant funding that has allowed the City to mitigate transportation-related pollution.

Mayor Carr inquired, and Director Crumby confirmed that if the CDS "trash trap" unit proves effective, the City would consider future grant opportunities for trash mitigation at other locations.

program is to eliminate potential fire hazards. Councilmember Kalmick identified late receipt of an email from an effected property owner, and Director Crumby confirmed staff would reach out to the homeowner that sent the last-minute communication.

## **ADMINISTRATIVE ITEMS**

### **15. 21-323 Approved a Social Media Policy for Elected and Appointed Officials**

City Manager Chi presented a PowerPoint communication titled *Policy Consideration: Proposed Social Media Guidelines for Elected & Appointed Officials* with slides entitled: *Establishment of a Social Media Policy Identified as City Council Goal, Proposed Social Media Policy Details, Exceptions Included in The Proposed Policy, and Staff Recommendation.*

Councilmember Kalmick expressed his support for guidelines that he believes will protect the City from liability, and discussed various scenarios with City Attorney Michael Gates to have a better understanding of what the courts consider public or private forum space, usually on a case-by-case basis.

City Attorney Gates clarified that Administrative Regulations have no binding effect on elected officials, but rather is a tool the City Manager can use to address staff issues without having to go through Council. City Attorney Gates also explained this action does not contain any bright-line (objective) rules and stated his opinion this item needs more attention to wording to ensure it accurately reflects case law, and noted that the legal example provided with this item had nothing to do with elected officials.

In response to a speaker's accusation of being blocked on his City email account, Mayor Pro Tem Ortiz clarified he has not knowingly blocked anyone from his official City account, but has exercised his right to block some from his personal Instagram account, and stated he would always defer to direction from City Attorney Gates.

Councilmember Delgleize and City Manager Chi discussed differences between an Administration Regulation and a City Council policy. City Manager Chi reviewed staff's conservative view for this policy only applies when an elected or appointed official comments about City business on their private social media account(s), and if they do, they have created a public forum and as a consequence shouldn't block anyone or delete anyone's comments. City Manager Chi clarified that public forums are subject to the California Public Records Act (CPRA), and content retained for compliance.

City Attorney Gates clarified that case records to this point do not support the statement that an occasional comment by an elected or appointed official on their personal social media account makes that account a public forum.

City Manager Chi stated the intent of this proposed policy is to protect First Amendment rights, not to regulate content that is posted, but to encourage clear separation of official vs personal social media communications, and clarify that an elected or appointed official cannot delete others comments nor block anyone from commenting on official social media accounts.

City Attorney Gates confirmed to Councilmember Posey that he would never provide directives to Council on how to conduct themselves on social media.

Mayor Carr described attending California League of Cities social media workshops that provided guidance that every city needs to have a social media policy, and how she worked previously with City Attorney Gates to ensure a policy was developed for staff. Mayor Carr stated she is not personally interested in limiting anyone's ability to post personal feelings or opinions, and provided her support for the policy as presented.

City Attorney Gates clarified that the policy as presented states personal social media accounts shall be transmuted, or converted, to public accounts, and that the Brown "Open Meetings" Act governs legislative bodies, not social media accounts. City Manager Chi and Mayor Carr disagreed, sharing their understanding that the Act does apply to elected or appointed "official" social media accounts.

Councilmember Moser and City Attorney Gates discussed theoretical social media content scenarios to determine what could compromise the safety or security of the public. City Attorney Gates referred to legal gray area in so many cases, and stated support for evaluating the specifics of each individual situation.

Councilmember Posey stated this proposal is a guideline, and is not a legal nor enforceable policy. He stated his opinion that the proposed policy should be incorporated into the City Council Manual, possibly as a companion document to his previously submitted Institute of Local Government whitepaper on the differences between a private citizen and a public servant, including how to handle social media accounts responsibly.

Councilmember Kalmick explained that Councilmembers should not "block" anyone from their official City Outlook account to prevent that individual from further email communication. City Manager Chi

explained that in the situation involving Mayor Pro Tem Ortiz, his accidental action has already been resolved.

Councilmember Kalmick stated that while social media platforms can block communications, elected and appointed officials cannot, and shared his personal frustration with some of the social media comments that Mayor Pro Tem Ortiz has made regarding COVID-19 and vaccines. He also expressed concerns that those type of comments on official social media accounts could create a liability situation for the City.

Mayor Pro Tem Ortiz stated for the record that his Ortiz 1999 Instagram account is his personal account, and his Facebook Ortiz account is a public account.

Mayor Carr, City Attorney Gates and Councilmember Posey discussed changes to language in sections 4.1, 4.23 and 4.24 of the proposed policy.

A motion was made by Kalmick, second Posey to review and consider for approval the proposed, "Social Media Policy for Elected and Appointed Officials" **as amended with the following revisions:** strike 3.7 Public Record (already identified in 4.2.3); 4.1 (activities shall **may** have created ...); 4.2.3 (such content is **may be** considered ...); and, strike 4.2.4.

The motion as amended carried by the following vote:

AYES: Kalmick, Ortiz, Carr, Posey, Moser, and Delgleize  
NOES: None  
ABSENT: Peterson

## **COUNCILMEMBER ITEMS**

### **16. 21-375 Approved Item Submitted by Mayor Carr and Councilmember Kalmick — LGBTQ Pride Month Recognition and Flag Raising**

Mayor Carr introduced this item by reading a paragraph from a letter the Council received describing the writer's personal positive experiences related to flying the LGBTQ flag at their home a number of years ago. Mayor Carr stated she sees this action as showing inclusion and acceptance for everyone.

Councilmember Kalmick stated his support for something the City can do to show support for a marginalized community, and added this action does not take rights away from anyone but rather supports inclusion. He listed the many other southern California cities that also raise the LGBTQ flag for June Pride Month.

Councilmember Moser stated her support for this item and read statements from several young LGBTQ community members describing their experiences of growing up in Huntington Beach, and encouraging Council to approve this action. She also stated her opinion that approval of the item would improve public health and safety for members of the LGBTQ community, and demonstrate a desire to provide a safe and welcome environment for everyone.

Councilmember Delgleize stated her support for an action that will have a positive effect on quality-of-life issues and help to create an environment for healing and open dialogue.

Councilmember Posey shared this is a rare situation where his initial position was changed through the course of discussion. He reviewed Council responsibilities, including the actions already taken earlier in the meeting to ensure high quality of life and to provide a welcoming and safe environment as reasons to support this item.

Councilmember Moser responded to community members suggesting this item is taking Council focus away from more important City business by stating that Council is capable of multitasking and is not neglecting other important issues.

Mayor Carr responded that she is preparing a summary of the Council's many accomplishments since the beginning of this year for infrastructure, homelessness, the environment, fiscal responsibility and social justice.

A motion was made by Kalmick, second Carr to request the City Manager to fly the LGBTQ Pride Flag each year from the 3rd week of May until June 30th in recognition of the contributions of the Lesbian, Gay, Bisexual, Transgender and Queer (LGBTQ) Community; and, request the City of Huntington Beach recognize the month of June as LGBTQ Pride Month.

The motion carried by the following vote:

AYES: Kalmick, Ortiz, Carr, Posey, Moser, and Delgleize  
NOES: None  
ABSENT: Peterson

**17. 21-381 Approved Item Submitted by Councilmember Kalmick — Create a Flag Policy for City Facilities**

Councilmember Kalmick introduced this item by describing flags that are currently flown at City Hall, and stated his interest in having a flag policy which will guide future decisions and eliminate the need for lengthy discussions on the issue.

Councilmember Posey stated his recommendation that this process needs to start with a written mission statement describing approved purposes, to determine who does or does not qualify to have a flag flown. He listed other considerations he believes need to be addressed during this process, and advised caution to ensure the decision does not inadvertently result in division.

Councilmember Kalmick stated he expects staff will discover that the important issues raised by Councilmember Posey are addressed in policies drafted by other cities.

A motion was made by Kalmick, second Posey to direct staff to come back to City Council with a policy and procedure for displaying flags at City facilities.

The motion carried by the following vote:

AYES: Kalmick, Ortiz, Carr, Posey, Moser, and Delgleize  
NOES: None  
ABSENT: Peterson
