The motion carried by the following vote:

13. 22-645 Received and Filed a Short-Term Rental Update

Councilmember Carr pulled this item to request more details from Community Development Director Ursula Luna-Reynosa. Director Luna-Reynosa noted that a comprehensive report is planned for October after the busy season between Memorial Day and Labor Day when there will be more data to analyze.

Director Luna-Reynosa introduced Code Enforcement Officer Hoang who noted that the majority of short-term rental complaints come from neighbors claiming hosts do not live on the property. Any trash, graffiti or noise complaints are addressed as quickly as possible. Officer Hoang explained the process for violation issues requires a notice of violation, and time for the host to comply. If there is not compliance, then a citation is issued for \$1,000 per violation, and at the present time there has been one citation for not living at the property. He added that currently 56 complaints are being investigated for hosted short-term rentals.

Councilmember Bolton noted that her review of the originally presented data seems to show that un-hosted locations appear to have fewer "bad guest" complaints, while hosted locations appear to be generating the most complaints, and thanked Director Luna-Reynosa for the report.

Councilmember Kalmick stated a table showing type of complaints would be helpful, and he found it interesting that hosted locations appear to be generating the most income. Officer Hoang noted that property owners advertising without permits are being informed they must get a permit within 15 days. If there is no compliance, they get another 15-day notice which is followed by a \$1,000 citation after 30 days. If there is evidence of continued violation there is a \$1,000 fine each for advertising and not having a permit. If violations continue, then the case is referred to the City Attorney's office for possible prosecution, and at the moment there are no cases that have reached this status.

A motion was made by Bolton, second Kalmick to receive and file this report.

The motion carried by the following vote:

AYES: Peterson, Bolton, Posey, Delgleize, Carr, Moser, and Kalmick
NOES: None

14. 22-654 Amended and approved positions on local policy issues, as recommended by the Intergovernmental Relations Committee

Councilmember Peterson pulled this item to share his opinion that in reality most spent fuel is being recycled and he does not support the Spent Fuel Now Coalition. Further, the City should not suggest or recommend solar panels because in his opinion this should be strictly a personal decision, and therefore he is opposed to this item.

Mayor Delgleize stated her support for the Spent Fuel Now Coalition.

Councilmember Carr noted the Spent Fuel Now Coalition Resolution should reference Huntington Beach, not Newport Beach, and stated her support for this item.

Mayor Pro Tem Posey stated he sees supporting Environment America's Solar on Superstores as encouragement, but not a mandate. He further suggested considering options in the future for incentivizing rooftop solar, and noted his support for both policy issues in this item.

A motion was made by Kalmick, second Delgleize to approve one or more actions on the following policy issues proposed by the IRC: adopt Resolution No. 2022-53 - "A Resolution of the City Council of the City of Huntington Beach in Support of the Action for Spent Fuel Now Coalition", **as amended to change Newport Beach to Huntington Beach**, and; submit a Letter of Support for Environment America's Solar on Superstores Initiative.

Councilmember Kalmick amended this item to request the staff response, describing how the recommendations will be implemented, be brought back for Council approval in 45 days rather than 60 days.

Mayor Pro Tem Posey clarified for staff the guidance should include a syllabus with a definition of the roles of the City Attorney and Councilmembers, and a repeating schedule to ensure newly elected Councilmembers receive proper training.

Councilmember Carr shared her support for a professional working relationship by having policies and procedures which are routinely reinforced through training, following the model of most corporations.

Councilmember Peterson noted for purposes of clarification that Councilmembers can only direct the City Manager, therefore "staff" in this item means City Manager.

The amended motion carried by the following vote:
