MEETING DATE: 10/20/2021

PUBLIC WORKS COMMISSION REQUEST FOR ACTION

SUBMITTED TO: Chairman and Members of the Commission

SUBMITTED BY: Sean Crumby, PE, Director of Public Works

Subject:
Zone 5 Residential Curb Ramp Project, CC-1637

Statement of Issue:

Plans and Specifications for the Residential Curb Ramp Project, CC-1637, are in final preparation.

Funding Source:

Funds in the amount of \$718,283 are available including \$200,000 from the Measure M Fund, \$203,283 from CDBG Funds, and \$315,000 from the Infrastructure Fund.

Recommended Action:

Motion to approve that the Zone 5 Residential Curb Ramp Project, CC-1637, is in general conformance with the previously approved CIP.

Alternative Action(s):

Deny approval and recommend an alternative action.

Analysis:

Many of our street intersections and crossings lack the curb access ramps necessary to comply with The Americans with Disabilities Act (ADA) requirements. The project consists of installing ADA compliant curb ramps at approximately 250 locations. The proposed ramps are within residential Zone 5, which is bounded by Yorktown Avenue to the north, Beach Boulevard to the east, and Pacific Coast Highway to the south and west. The ramps are located at intersection sidewalks adjacent to the upcoming pavement overlay within Zone 5. The engineer's estimate for this project is approximately \$700,000 which is based on \$2,800 per curb ramp location.
