
Name: Southeast Area Committee

Type: Council Committee

Description: The Southeast Area Committee, created in December 2000, is a three member committee of City Council that study the issues in the southeast area of the City. Initially the committee provided the leadership in the formation of the Southeast Coastal Redevelopment Plan adopted in 2002. More broadly, the role of the Southeast Area Committee is to provide a community link to the citizens on the various issues and projects located in the southeast area. On May 29, 2003, the committee approved the conceptual Five Year Capital Project program for the Southeast Coastal Redevelopment Project Area. The Committee meets every other month on the fourth Wednesday at 4:30pm at City Hall, lower level room B-8.
