Name: Smart Cities & Technology Committee

Type: Council Committee

Description: The Smart Cities & Technology Committee is a three-Council member committee, converted from an ad-hoc Committee in November 2021. Its primary purpose is to provide continued strategic policy direction towards the City's Smart Cities roadmap / broadband master plan efforts, as well as other innovative technology initiatives that can improve service delivery, deliver community benefits and/or build technology capacity for future success.

Name	Title	Start Date	End Date
Dan Kalmick	Councilmember	11/16/2021	12/31/2024
Natalie Moser	Councilmember	12/22/2021	12/31/2024
