Analysis:

The purpose of the Historic Resources Board (HRB) is to encourage and promote programs and activities that enhance public awareness of the City's historic resources. The HRB acts as an advisory board to the City Council, as well as a liaison to the Council for local, state, and federal groups and agencies whose interest involves historic issues. The HRB advises on issues pertaining to the preservation of historic commercial and residential structures and sites. It also cooperates with the Planning Commission and the Community Services Commission to ensure that historic preservation and services are considered in the planning for future development in the community.

Based on Chapter 2.107.010 of the Huntington Beach Municipal Code, the Board shall consist of not less than seven nor more than nine members, to be appointed to serve terms of four years. In 2017, the City council approved the reappointment of Kathie Schey, Ronald Knowles, and Duane Wentworth to the HRB for terms to expire July 1, 2021. Those reappointments resulted in the current roster of six HRB members and one vacancy below mandate. The proposed appointments of Amory Hanson and Mark Zambrano would bring the roster of active HRB members from six to eight.
