### Financial Impact:

### Analysis:

Senate Bill 1 (SB 1) the Road Repair and Accountability Act of 2017 was passed by the Legislature and signed into law by the Governor in April 2017 in order to address the significant multi-modal transportation funding shortfalls statewide. Based on the City's population, it is estimated that the City

will receive \$3,354,156 in FY 2019/20 for the use on applicable street and transportation projects. A pre-requisite to the City receiving these funds is the submittal of a resolution is to identify the proposed projects that will receive the funding. The proposed Capital Improvement Program (CIP) Budget for FY 2019/20 indicates the use of these funds, in addition to other local funds, for the Arterial Rehabilitation Project. The streets proposed to be fully rehabilitated include:

Slater Avenue (Gothard to Beach)  
Newland Street (Yorktown to Garfield)  
Atlanta Avenue (Bushard to Brookhurst)  
Graham Street (Warner to Slater)  
Atlanta (Delaware to Beach)  
Garfield (Main-Delaware)  
Newland (Ellis to Talbert)  
Talbert (Springdale to Edwards)  
Brookhurst (Garfield to Yorktown)

The infusion of these additional funds is expected to increase the overall pavement condition of the City's streets over the next few years.
