A. PROJECT PROPOSAL:

Applicant: Mike Adams, P.O. Box 392, Huntington Beach, CA 92648

Property Owner: Medhat Rofael, 3922 Sirius Dr., Huntington Beach, CA 92649

The proposed project (Attachment No. 6) includes the following requests:

Mitigated Negative Declaration (MND) No. 19-004 to analyze the potential environmental impacts associated with the proposed project;

General Plan Amendment (GPA) No. 19-002 to amend the General Plan land use designation from Open Space-Water Recreation (OS-W) to Residential Low Density (RL);

Zoning Map Amendment (ZMA) No. 19-002 to amend the zoning designation from Open Space-Water Recreation - Coastal Zone Overlay - Floodplain Overlay (OS-WR-CZ-FP2) to Residential Low Density - Coastal Zone Overlay - Floodplain Overlay (RL-CZ-FP2); and

Local Coastal Program Amendment (LCPA) No. 19-001 to amend the City's certified LCP pursuant to the GPA and ZMA subject to California Coast Commission certification.

B. BACKGROUND:

The subject site is a vacant 6,179 square foot property located at the terminus of Park Avenue in Huntington Harbour. In July 2017, the Planning Commission denied a request from the property owner to construct a boat marina with a community dock, a two-story building with a 508 sq. ft. marina office and public restroom on the first floor, a one-bedroom 565 sq. ft. caretaker's unit on the second floor, and a detached 441 sq. ft. two-car garage on the subject site. The applicant appealed the Planning Commission's action but subsequently requested multiple continuances of the City Council public hearing. The 2017 appeal is still pending before the City Council. It should be noted that a previous project, including a marina and a much larger caretaker's unit, was also denied by the City Council many years ago.

In 2018 the property owner and the City entered into a Settlement Agreement whereby the City agreed to process the proposed requests for a rezone identified above at a reduced fee. In exchange, the property owner agreed to withdraw the marina project that is on appeal to the City Council upon final approval of the proposed rezone. The request would change the permitted land uses on the site from water recreation (i.e. marina) to residential. No development is proposed with this application.

C. PLANNING COMMISSION MEETING AND RECOMMENDATION:

On December 10, 2019 the Planning Commission held a public hearing on the proposed project. The applicant and property owner spoke and indicated that the request for a residential designation was to provide greater compatibility with the surrounding residential neighborhood. There were no other speakers. The Planning Commission voted to recommend approval of the request to the City Council recognizing that previous marina projects proposed under the existing General Plan and zoning designations presented compatibility concerns.

Planning Commission Action on December 10, 2019:

The motion was made by Grant, seconded by Perkins, to recommend to the City Council approval of MND No. 19-004, GPA No. 19-002, ZMA No. 19-002, and LCPA No. 19-001 carried by the following vote:
