Analysis:

On December 15, 2020, the Orange County Board of Supervisors approved allocating \$648,000 to provide economic support to small businesses impacted by the COVID-19. Staff is recommending

approval of the COVID-19 Small Business Micro Grant Program outlined below.

This program is designed to supplement other COVID-19 funding sources made available to small businesses by the State and Federal government. On November 30, 2020, Governor Gavin Newsom announced that the State of California would provide \$500 million in direct relief grants for eligible small businesses impacted by COVID-19 restrictions, and proposed an additional \$575 million in direct relief on January 5, 2021, as part of the proposed 2021-22 budget, for a total of \$1.075 billion. The Federal Government also extended the Paycheck Protection Program established by the CARES Act to provide \$659 billion to support small businesses.

The proposed City COVID-19 Small Business Micro Grant Program was modeled after the successful OneHB Micro Grant program, managed by CIELO, which provides \$5,000 in grant funding to small businesses with 2 to 10 employees in Huntington Beach. Over 7,000, or 70%, of the City's businesses have less than 10 employees. The proposed grant program would assist these businesses that make up a significant portion of Huntington Beach's business community.

COVID-19 Small Business Micro Grant Program

The COVID-19 Small Business Micro Grant Program is intended to help support small businesses in Huntington Beach who need assistance due to adverse economic effects of the Coronavirus (COVID-19) public health emergency.

Per the Subrecipient Agreement with the County of Orange, all expenses are required to be incurred during the period that begins on December 31, 2020, and ends on June 30, 2021.
