REQUEST FOR CITY COUNCIL ACTION

SUBMITTED TO: Honorable Mayor and City Council Members

SUBMITTED BY: Oliver Chi, City Manager

PREPARED BY: Sean Crumby, Director of Public Works

Subject:

Adopt Resolution No. 2021-13 authorizing submittal of a Grant Application to the California Department of Resources Recycling and Recovery for Rubberized Asphalt Concrete (RAC)

Statement of Issue:

A resolution of the City Council is necessary to submit a Rubberized Asphalt Concrete (RAC) grant application to the California Department of Resources Recycling and Recovery (CalRecycle).

Financial Impact:

The resolution will allow for the application of up to \$250,000 in grant funding.

Recommended Action:

Adopt Resolution No. 2021-13, "A Resolution of the City Council of the City of Huntington Beach Authorizing Submittal of Applications for all CalRecycle Grants for which the City of Huntington Beach is Eligible."

Alternative Action(s):

Do not adopt the Resolution and do not apply for eligible grants.

Analysis:

The City Council has adopted policies that are mindful of protecting the environment, and practices that conserve natural resources, and minimize environmental impacts. In support of these policies, the proposed resolution authorizes the application for grants that encourage the use of rubberized

asphalt in City pavement projects.

Rubberized asphalt concrete (RAC) utilizes crumb rubber derived from waste tires. Its use prolongs the life of the street, reduces traffic noise, and provides an opportunity to reduce landfill waste and recycle tires. The City has used RAC in its arterial rehabilitation projects for the past 10 years, utilizing approximately \$1.1M in CalRecycle grant funds. This use resulted in the diversion of approximately 363,000 waste tires that would have otherwise ended up in a landfill.

The current Resolution No. 2014-88, authorizing these applications, was good for five years and expired in October 2020, necessitating the adoption of a new resolution. It is anticipated that the City could receive up to \$250,000 in grant funding over the next five years.

Environmental Status:

Not applicable.

Strategic Plan Goal:

Enhance and maintain infrastructure

Attachment(s):

1. Resolution No. 2021-13, "A Resolution of the City Council of the City of Huntington Beach Authorizing Submittal of Applications for all CalRecycle Grants for which the City of Huntington Beach is Eligible."
