REQUEST FOR CITY COUNCIL ACTION

SUBMITTED TO: Honorable Mayor and City Council Members

SUBMITTED BY: Oliver Chi, City Manager

PREPARED BY: Sean Crumby, Director of Public Works

Subject:

Approve and authorize execution of Amendment No. 1 to Professional Services Contract with Sierra Analytic Laboratory, Inc. for Water Quality Sampling and Analysis in the amount of \$120,000

Statement of Issue:

Submitted for City Council approval is an amendment to a professional services contract with Sierra Analytic Laboratory for Water Quality Sampling and Analysis. The amendment increases the term by one year and increases the total not-to-exceed compensation by \$120,000 from \$360,000 to \$480,000.

Financial Impact:

Funds in the amount of \$120,000 are included in the Water Fund's Water Quality Business Unit 50685802.

Recommended Action:

Authorize the Mayor and City Clerk to execute "Amendment No. 1 to Agreement Between the City of Huntington Beach and Sierra Analytic Laboratory for Water Quality Sampling and Analysis."

Alternative Action(s):

Do not approve the amendment.

Analysis:

All potable water in Huntington Beach meets or exceeds State and Federal standards. The City contracts with a State-approved laboratory to collect and analyze 40 bacteriological samples per week from the City's water production and distribution system, as-required sampling and analysis during new pipeline construction and pipeline repair activities, and for lead and copper compliance testing as required by the State Water Resources Control Board Division of Drinking Water.

The City selected Sierra Analytic Laboratory via the public bid process and executed a contract on December 17, 2018. This contract expires on December 16, 2021. Water Quality section staff have been satisfied with the performance of Sierra Analytic Laboratory and are requesting that the contract be amended to extend the term by one year and to increase the not-to-exceed amount by \$120,000 from \$360,000 to \$480,000. Funds for the contract and contract amendment are included in the approved FY 2021-22 Water Quality section budget.
