Revisions to the Permit and Plan Check Supervisor Job Class Specification

The **Permit and Plan Check Supervisor** job classification is assigned to the Community Development Department at the City and is represented by the Management Employees Organization (MEO).

Modifications to the **Permit and Plan Check Supervisor** job class specification are recommended to: 1) update reporting relationships; 2) update job duties; and 3) update minimum qualifications including knowledge, ability, and licensing requirements in accordance with the needs of the position and department. The requested modifications are intended to update the classification to reflect current and consistent job requirements and present hiring standards and do not materially change the fundamental nature of the work performed. The current pay grade remains the same.

The Community Development Department collaborated with Human Resources on the recommended changes, and MEO has reviewed the proposed changes.
