If Resolution No. 2023-06 is approved by City Council, then staff will review the agreement with the City Attorney's Office for City Attorney review and approval before accepting these grant funds.

The grant would provide an amount not to exceed \$10,000 for general operating expenses, which includes for oil spill response equipment staging such as booms for oil response and containment.

Environmental Status:

Pursuant to CEQA Guidelines Section 15378(b)(5), administrative activities of governments that will not result in direct or indirect physical changes in the environment do not constitute a project.
