								Conc.			
1st House				2nd House							

Summary: Would enact the Social Housing Act and would create the California Housing Authority as an independent state body, the mission of which would be to ensure that social housing developments that are produced and acquired align with the goals of eliminating the gap between housing production and regional housing needs assessment targets and preserving affordable housing. The bill would prescribe a definition of social housing that would describe, in addition to housing owned by the authority, housing owned by other entities, as specified, provided that all social housing developed or authorized by the authority would be owned by the authority.

								Conc.			
1st House				2nd House							

Summary: Current law requires county superintendents of schools to provide for an audit of all funds under their jurisdiction and control, and requires the governing board of each local educational agency to either provide for an audit of the books and accounts of the local educational agency or make arrangements with county superintendents of schools to provide for that auditing. Current law requires the governing board of each school district and each office of the county superintendent of schools to include specified provisions in their contracts for audits and requires financial and compliance audits to be performed in accordance with specified standards. If the governing board of a school district has entered into a contract for an independent audit of its financial statements and the audited financial statements have not been filed with the county superintendent of schools on or before a specified due date, current law authorizes the county superintendent of schools to, among other things, investigate the causes for the delay, as provided. This bill would expressly apply the above-described provisions to educational joint powers authorities and charter schools. The bill, among other things, would require those financial and compliance audits of local educational agencies to be conducted in accordance with specified filing deadlines and would revise requirements regarding which entity is responsible for providing an audit if a local educational agency has not provided for an audit of their respective books and accounts to include the Controller or a chartering authority, as provided. The bill would require, instead of authorize, a county superintendent of schools to investigate the causes for an above-described delay.

Desk	Policy	Fiscal	Floor	Desk	2 year	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
								Conc.			
1st House				2nd House							

Summary: The Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body, as defined, of a local agency be open and public and that all persons be permitted to attend and participate. Current law, until January 1, 2026, authorizes the legislative body of a local agency to use alternative teleconferencing if, during the teleconference meeting, at least a quorum of the members of the legislative body participates in person from a singular physical location clearly

identified on the agenda that is open to the public and situated within the boundaries of the territory over which the local agency exercises jurisdiction, and the legislative body complies with prescribed requirements. Current law requires a member to satisfy specified requirements to participate in a meeting remotely pursuant to these alternative teleconferencing provisions, including that specified circumstances apply. Current law establishes limits on the number of meetings a member may participate in solely by teleconference from a remote location pursuant to these alternative teleconferencing provisions, including prohibiting such participation for more than 2 meetings per year if the legislative body regularly meets once per month or less. This bill would extend the alternative teleconferencing procedures until January 1, 2030.

Location: 7/1/2026-S. APPR.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law authorizes any person adversely affected by any regulation, rules, omission, interpretation, decision, or practice of any state agency respecting the administration of any building standard to appeal the issue for resolution to the California Building Standards Commission. Existing law authorizes any local agency having authority to enforce a state building standard and any person adversely affected by any regulation, rule, omission, interpretation, decision, or practice of that agency respecting that building standard to appeal to the commission, provided that both wish to appeal the issue for resolution to the commission. Existing law authorizes the commission to accept those appeals only if the commission determines that the issues involved in the appeal have statewide significance. This bill would revise and recast those provisions to expand the reasons for which a person can appeal to the commission to include, among other things, a request for approval to use an alternate material. The bill would modify the conditions under which the commission may accept an appeal by removing the requirement that both the local agency and the adversely affected person wish to appeal the issue, and by requiring that certain issues appealed have both statewide significance and that the person seeking the appeal has exhausted all local appeals procedures before appealing to the commission, subject to a certain exception. The bill would require the commission to review those appealed issues with specified stakeholders.

AB 609 **(Wicks D) California Environmental Quality Act: exemption: housing development projects.**

Current Text: Amended: 5/5/2025 [html](#) [pdf](#)

Status: 5/20/2025-In Senate. Read first time. To Com. on RLS. for assignment.

Location: 5/20/2025-S. RLS.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Environmental Quality Act (CEQA) requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA exempts from its requirements various projects, including, but not limited to, housing projects that meet certain requirements. This bill would exempt from the requirements of CEQA a housing development project, as defined, that meets certain conditions relating to, for example, size, density, and location, including specific requirements for any housing on the project site located within 500 feet of a freeway. The bill would require a local government, as a condition of approval for the development, to require the development proponent to complete a specified environmental assessment regarding hazardous substance releases. If a recognized environmental condition is found, the bill would require the development proponent to complete a preliminary endangerment assessment and specified mitigation based on that assessment. Because a lead agency would be required to determine whether a housing development project qualifies for this exemption, the bill would impose a state-mandated local program.

1st House				2nd House				Conc.			

Summary: The Documentary Transfer Tax Act authorizes the imposition of a tax by a county or city and county, as provided, with respect to specified instruments that transfer specified interests in real property. This bill would, beginning January 1, 2027, prohibit a local jurisdiction, defined to include a city, including a charter city, county, or city and county, from collecting a transfer tax, as defined, levied on the sale or transfer of a real property interest conveyed if the combined transfer tax rate levied by the local jurisdiction exceeds 1.5% of the consideration paid for or value of the real property interest conveyed, except as otherwise provided. The bill would also prohibit a local jurisdiction from levying a transfer tax on the first sale of single-family housing property occurring within 5 years of one or more housing units on the real property being destroyed or made uninhabitable by a natural disaster, as defined.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Existing law authorizes the Department of Housing and Community Development, upon appropriation, to make loans or grants, or both loans and grants, to rehabilitate, capitalize operating subsidy reserves for, and extend the long-term affordability of department-funded housing projects that have an affordability restriction that has expired, that have an affordability restriction with a remaining term of less than 10 years, or are otherwise at risk of conversion to market-rate housing. This bill would also authorize the department to make those loans and grants to rehabilitate, capitalize operating subsidy reserves for, and extend the long-term affordability of housing projects that qualify as a challenged development, as defined. The bill would require the department to grant priority for these loans and grants to housing projects that are department funded and have an affordability restriction that has expired or have a remaining term of less than 10 years, or are otherwise at risk for conversion.

1st House				2nd House				Conc.			

Summary: The Planning and Zoning Law requires a city or county to adopt a general plan for land use development that includes, among other things, a housing element. Current law requires the housing element to include, among other things, an inventory of land suitable and available for residential

development, including specified sites, an analysis of the relationship of zoning and public facilities and services to these sites (first analysis), and an analysis of the relationship of the sites identified in the land inventory to the jurisdiction's duty to affirmatively further fair housing (2nd analysis). This bill would remove the requirement on cities and counties to include the 2nd analysis in their housing elements.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law vests the Public Utilities Commission (PUC) with regulatory authority over public utilities, including electrical corporations. Current law requires the PUC to continue a program of assistance to low-income electric and gas customers with annual household incomes that are no greater than 200% of the federal poverty guidelines, as specified, which is referred to as the California Alternate Rates for Energy (CARE) program. Current law also requires the PUC to continue a program of assistance to residential customers of the state's 3 largest electrical corporations consisting of households of 3 or more persons with total household annual gross income levels between 200% and 250% of the federal poverty guideline level, which is referred to as the Family Electric Rate Assistance (FERA) program. Current law, except as provided, requires revenues received by an electrical corporation as a result of the direct allocation of greenhouse gas allowances to be credited directly to residential, small business, and emissions-intensive trade-exposed retail customers of the electrical corporation, commonly known as the California Climate Credit. This bill would exclude residential customers from receiving the California Climate Credit if they are not enrolled in the CARE or FERA program and their total electricity bills for the previous year were less than \$300.

Current Text: Amended: 6/15/2026 [html](#) [pdf](#)

Status: 7/1/2026-VOTE: Do pass, but first be re-referred to the Committee on [Appropriations] (PASS)

Location: 7/1/2026-S. APPR.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law provides for the creation of junior accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in single-family residential zones in accordance with specified standards and conditions. Existing law, the Davis-Stirling Common Interest Development Act, governs the management and operation of common interest developments. Existing law defines "common interest development" for purposes of the act to include, among other things, a planned development and a condominium project. Existing law makes void and unenforceable any covenant, restriction, or condition contained in any instrument affecting the transfer or sale of any interest in a planned development, and any provision of a governing document, that effectively prohibits or unreasonably restricts the construction or use of an accessory dwelling unit or junior accessory dwelling unit on a lot zoned for single-family residential use that meets the above-described standards and conditions for those units. This bill would expand the provision that makes void and unenforceable any covenant, restriction, or condition contained in any instrument affecting the transfer or sale of any interest in a planned development to include any covenant, restriction, or condition contained in an instrument affecting the transfer or sale of any interest in a common interest development. The bill would revise the provision governing prohibitions or restrictions on the construction or use of an accessory dwelling unit or junior accessory dwelling unit on a lot zoned for single-family residential use to instead apply to the construction or use of an accessory dwelling unit or junior accessory dwelling unit on a lot zoned to allow single-family residential use.

1st House				2nd House							

Summary: The California Building Standards Law establishes the California Building Standards Commission within the Department of General Services and sets forth its powers and duties, including approval and adoption of building standards and codification of those standards into the California Building Standards Code. Existing law requires the commission to publish, or cause to be published, editions of the code in its entirety once every 3 years. Existing law requires the building standards and rules and regulations to impose substantially the same requirements as are contained in the most recent editions of specified international or uniform industry codes, including the International Residential Code of the International Code Council. Existing law establishes the Department of Housing and Community Development (department) and requires the department to submit an annual report to the Governor and both houses of the Legislature on the operations and accomplishments during the previous fiscal year of the housing programs administered by the department. This bill would require the department to initiate a study no later than January 31, 2027, evaluating the conditions under which residential developments of between 3 and 10 units may be designed and constructed under the requirements of the California Residential Code, as specified. The bill would require the department to contract with external experts or an independent third party for this purpose. The bill would require the department, no later than December 31, 2028, to provide a one-time report of its findings to the Legislature in the annual report described above.

Status: 8/29/2025-Failed Deadline pursuant to Rule 61(a)(11). (Last location was APPR. SUSPENSE FILE on 8/25/2025)(May be acted upon Jan 2026)

Location: 8/28/2025-S. 2 YEAR

Desk	Policy	Fiscal	Floor	Desk	Policy	2 year	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Housing Accountability Act prohibits a local agency from disapproving, or conditioning approval in a manner that renders infeasible, a housing development project, as defined for purposes of the act, for very low, low-, or moderate-income households or an emergency shelter unless the local agency makes specified written findings based on a preponderance of the evidence in the record. The act provides that for its purposes, a housing development project or emergency shelter shall be deemed consistent, compliant, and in conformity with an applicable plan, program, policy, ordinance, standard, requirement, or other similar provision if there is substantial evidence that would allow a reasonable person to conclude that the housing development project or emergency shelter is consistent, compliant, or in conformity. The act requires a housing development project to be subject only to the ordinances, policies, and standards adopted and in effect when a preliminary application, as specified, was submitted, except as otherwise provided. The act defines "ordinances, policies, and standards" to include general plan, community plan, specific plan, zoning, design review standards and criteria, subdivision standards and criteria, and any other rules, regulations, requirements, and policies of a local agency, as defined, including those relating to development impact fees, capacity or connection fees or charges, permit or processing fees, and other exactions. This bill would include in the definition of "ordinances, policies, and standards" materials requirements, postentitlement permit standards, and any rules, regulations, determinations, and other requirements adopted or

implemented by other public agencies, as defined

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The Planning and Zoning Law requires each planning agency to prepare and the legislative body of each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and specified land outside its boundaries, that contains specified mandatory elements, including an environmental justice element, or related goals, policies, and objectives integrated in other elements, that identifies disadvantaged communities, as defined, within the area covered by the general plan of the city, county, or city and county, if the city, county, or city and county has a disadvantaged community, as specified. The law requires a city, county, or city and county subject to these provisions to adopt or review the environmental justice element, or the environmental justice goals, policies, and objectives in other elements, upon the adoption of the next revision of two or more elements concurrently on or after January 1, 2018. This bill would require a city, county, or city and county to meaningfully involve disadvantaged communities in the development, adoption, and implementation of the environmental justice element, or the related goals, policies, and objectives integrated in other elements, using methods that are designed to effectively involve disadvantaged communities based on local conditions and circumstances, as specified.

1st House				2nd House				Conc.			

Summary: The California Fair Employment and Housing Act makes specified employment practices unlawful, including the harassment of an employee directly by the employer or indirectly by agents of the employer with the employer's knowledge. Existing law requires a specified employer with 5 or more employees to, by January 1, 2021, provide at least 2 hours of classroom or other effective interactive training and education regarding sexual harassment to all supervisory employees and at least one hour of classroom or other effective interactive training and education regarding sexual harassment to all nonsupervisory employees in California and, after that date, once every 2 years. Existing law requires an employer to include prevention of abusive conduct as a component of that training and education. This bill would additionally require, beginning on January 1, 2028, for an employer that is a state agency or local agency that the above-described training and education include, as a component of the training and education for elected officials, anti-hate speech training, as

described.

1st House				2nd House							

Summary: The Planning and Zoning Law requires a local agency or state agency to compile one or more lists that specify in detail the information required from any applicant for a postentitlement phase permit, as defined. Existing law also establishes time limits for completing reviews regarding whether an application for a postentitlement phase permit is complete and compliant, and whether to approve or deny an application. Existing law requires the time limits to be tolled, if the local agency or state agency requires review of the application by an outside entity, until the outside entity completes the review and returns the application, as specified. This bill would prohibit a local agency or state agency from requiring or requesting more than 2 plan check and specification reviews in connection with an application for a building permit, as part of its review. The bill would authorize a local agency or state agency to deny an application that is not compliant with the permit standards following 2 plan check and specification reviews. The bill would also authorize an applicant to request additional submittals of applications that are not compliant with the permit standards. The bill, if a local agency or state agency finds that a complete application is noncompliant, would prohibit a local agency or state agency from requesting or requiring any action or inaction as a result of a building inspection undertaken to assess compliance with the applicable building permit standards that would represent a deviation from a previously approved building plan or similar approval for the building permit, except as specified.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Building Standards Law establishes the California Building Standards Commission within the Department of General Services. Existing law requires the commission to approve and adopt building standards and to codify those standards in the California Building Standards Code. Existing law authorizes local governments to enact ordinances or regulations that make building standards amendments to the California Building Standards Code, as specified. Existing law establishes a streamlined approval process for a local permit for a tenant improvement related to a restaurant, as defined. This bill would establish a similar streamlined approval process for a local permit for a tenant improvement relating to a retailer, as defined. In this regard, the bill would require a local building department, upon the request and at the expense of the permit applicant, to allow a qualified professional certifier, defined as a licensed architect or engineer who meets certain requirements, to certify that the plans and specifications of the tenant improvement comply with all applicable building, health, and safety codes, as specified. The bill would require a qualified professional certifier, or the applicant, as applicable, to prepare certain affidavits related to the tenant improvement under penalty of perjury. The bill would require the local building department to approve or deny the permit application within 20 business days of receiving a complete application. The bill would also authorize the applicant to resubmit corrected plans addressing the deficiencies identified in the initial denial, would limit the local building department's review of each subsequent resubmission to the deficiencies identified in the initial denial, and would require the local building department to approve or deny each subsequent resubmission within 10 business days of receipt. The bill would require each local building department to conduct audits of tenant improvements submitted for certification, as specified.

Summary: The Housing Accountability Act prohibits a local agency from disapproving, or conditioning approval in a manner that renders infeasible, a housing development project, as defined for purposes of the act, for very low, low-, or moderate-income households or an emergency shelter unless the local agency makes specified written findings based on a preponderance of the evidence in the record. That act states that it shall not be construed to prohibit a local agency from requiring a housing development project to comply with objective, quantifiable, written development standards, conditions, and policies appropriate to, and consistent with, meeting the jurisdiction's share of the regional housing need, except as provided. The act further provides that for its purposes, a housing development project or emergency shelter shall be deemed consistent, compliant, and in conformity with an applicable plan, program, policy, ordinance, standard, requirement, or other similar provision if there is substantial evidence that would allow a reasonable person to conclude that the housing development project or emergency shelter is consistent, compliant, or in conformity. The act requires a housing development project to be subject only to the ordinances, policies, and standards adopted and in effect when a preliminary application, as specified, was submitted, except as otherwise provided. The act defines "ordinances, policies, and standards" to include general plan, community plan, specific plan, zoning, design review standards and criteria, subdivision standards and criteria, and any other rules, regulations, requirements, and policies of a local agency, as defined, including those relating to development impact fees, capacity or connection fees or charges, permit or processing fees, and other exactions. This bill would include in the definition of "ordinances, policies, and standards" materials requirements, postentitlement permit standards, and any rules, regulations, determinations, and other requirements adopted or implemented by other public agencies, as defined.

1st House				2nd House				Conc.			

Summary: The State Housing Law establishes statewide construction and occupancy standards for buildings used for human habitation. Existing law requires the building department of every city or county to enforce the provisions of the State Housing Law, the State Building Standards Code, and other specified rules and regulations promulgated pursuant to the State Housing Law pertaining to standards for buildings used for human habitation. Existing law authorizes an officer, employee, or agent of an enforcement agency to enter and inspect any building or premises whenever necessary to secure compliance with, or prevent a violation of, any provision of the State Housing Law, the building standards published in the State Building Standards Code, and other rules and regulations promulgated pursuant to the provisions of the State Housing Law. Existing law provides certain immunities to a public entity or employee immunity relative to an inspection or license, as provided. This bill would require a city, including a charter city, county, or city and county, except as specified, to offer a homeowner or contractor, as described, the option of requesting remote inspections for all or a subset of an inspection required by a building permit for specified works in one- or 2-family dwelling units, by either January 1, 2028, or July 1, 2028, as provided. The bill would authorize these local agencies to adopt reasonable protocols governing the technical conduct of a remote inspection, as specified. The bill would apply the above-described immunities to remote inspections.

Summary: The Planning and Zoning Law contains various provisions requiring a local government that receives an application for certain types of qualified housing developments to review the application under a streamlined, ministerial approval process, depending on the type of housing development, as specified. Existing law, the Subdivision Map Act, vests the authority to regulate and control the design and improvement of subdivisions in the legislative body of a local agency and sets forth procedures governing the local agency's processing, approval, conditional approval or disapproval, and filing of tentative, final, and parcel maps, and the modification thereof. The act generally requires a subdivider

to file a tentative map or vesting tentative map with the local agency, as specified, and the local agency, in turn, to approve, conditionally approve, or disapprove the map within a specified time period. Existing law, known as the Starter Home Revitalization Act of 2021, among other things, requires a local agency to ministerially consider, without discretionary review or a hearing, a parcel map or a tentative and final map for a housing development project that meets certain requirements, including that the housing development project on the lot proposed to be subdivided will contain 10 or fewer residential units, except as provided. This bill, the Missing Middle Townhome Ownership Act, would authorize a development proponent to submit an application for a townhome housing development project that is subject to a prescribed ministerial approval process if the development complies with certain procedural requirements and satisfies specified objective planning standards. The bill would also require a local agency to ministerially consider, without discretionary review or a hearing, a parcel map or a tentative and final map for a townhome development project that meets specified requirements, including that the proposed subdivision will result in parcels and residential units that will meet prescribed densities and that the newly created parcels are no smaller than 600 square feet.

Summary: The Eminent Domain Law authorizes a public entity to exercise the power of eminent domain to acquire property for a public use, as specified. Existing law entitles the owner of a property acquired by eminent domain to specified compensation. Existing law requires a public entity to pay reasonable costs, not to exceed \$5,000, of an independent appraisal ordered by the owner of a property that the public entity offers to purchase under the threat of eminent domain. This bill would require a public entity that offers to purchase property under a threat of eminent domain related to specified purposes to pay the full reasonable costs of an independent appraisal ordered by the owner, not to exceed \$8,000.

1st House				2nd House							

Summary: Existing law establishes a program to allow counties to select a bidder on the basis of best value, as defined, for construction projects in excess of \$1,000,000. Existing law also authorizes counties to use a best value construction contracting method to award individual annual contracts, not to exceed \$3,000,000, for repair, remodeling, or other repetitive work to be done according to unit prices, as specified. Existing law establishes procedures and criteria for the selection of a best value contractor and requires that bidders verify specified information under oath. Existing law requires the board of supervisors of a participating county to submit a report that contains specified information about the projects awarded using the best value procedures described above to the appropriate policy committees of the Legislature and the Joint Legislative Budget Committee before March 1, 2029. Existing law repeals the program provisions on January 1, 2030. This bill would, instead, authorize a county, city, or the San Gabriel Valley Council of Governments to select a bidder on the basis of best value, as described above, for construction projects in excess of \$500,000, would make various conforming changes to the above-described provisions, and would extend the operation of those provisions until January 1, 2032.

1st House				2nd House							

Summary: Existing law requires that, except as specified, not less than the general prevailing rate of per diem wages be paid to workers employed on public works. Existing law defines "public works," for the purposes of regulating public works contracts as, among other things, construction, alteration, demolition, installation, or repair work done under contract and paid for, in whole or in part, out of public funds. Existing law makes any officer, agent, or representative of the state or of any political subdivision who willfully violates specified provisions, including providing notice of certain public works projects, as specified, to the Department of Industrial Relations, guilty of a misdemeanor. Existing law requires the Labor Commissioner to investigate allegations that a contractor or subcontractor violated the law regulating public works projects, including the payment of prevailing wages. Existing law requires each contractor and subcontractor on a public works project to keep accurate payroll records, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by the contractor or subcontractor in connection with the public work. This bill would require an awarding body or owner to give reasonable access, as defined, to representatives of a joint-labor management committee in order to monitor compliance with the prevailing wage and apprenticeship requirements. The bill would authorize an awarding body, owner, contractor, or subcontractor to deny or revoke access to the committee's representative if the representative fails or refuses to comply with job site safety requirements, as specified. The bill would authorize the committee to bring an action against an awarding body, contractor, or subcontractor that willfully denies the committee's representative reasonable access.

Summary: The California Environmental Quality Act (CEQA) requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. The Permit Streamlining Act sets forth various procedures for the review and approval of development project applications. Among other things, the act requires a public agency that is the lead agency or a responsible agency for a development project to approve or disapprove the project within a specified period of time, which varies depending on the project's phase in the CEQA process. The act defines "development project" to include specified housing development projects, as provided. This bill would additionally require approval or disapproval of a housing development project within 30 days from the date of certification by the lead agency of the environmental impact report (EIR), if the EIR is prepared pursuant to specified provisions of CEQA if certain other conditions are met. The bill would also define "housing development project" for the purposes of the Permit Streamlining Act and make additional conforming changes. By imposing additional duties on local agencies, the bill would impose a state-mandated local program.

1st House				2nd House							

Summary: The Planning and Zoning Law requires each county and each city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and specified land outside its boundaries, that includes, among other specified mandatory elements, a housing element. That law requires the Department of Housing and Community Development, in consultation with each council of governments, to determine the existing and projected need for housing in each region and further requires the appropriate council of governments, or the department for cities and counties without a council of governments, to adopt a final regional housing need plan that allocates a share of the regional housing need to each city, county, or city and county, as provided. Existing law establishes the Local Government Planning Support Grants Program, administered by the department, for the purpose of providing regions and jurisdictions with one-time funding, including grants for planning activities to enable jurisdictions to meet the sixth cycle of the regional housing need assessment, as provided. This bill would establish the Regional Early Action Planning Fund in the State Treasury for the purpose of providing councils of governments, regional entities, and jurisdictions with one-time funding, including grants for planning activities, to enable those entities to meet the 7th and subsequent cycles of the regional housing need assessment. The bill would require the department to allocate funds, upon appropriation by the Legislature, from the

Regional Early Action Planning Fund to each council of governments or regional entity responsible for allocating regional housing need that applies and qualifies for those moneys, as specified. The bill would authorize a council of governments or regional entity to expend funds awarded for certain purposes, including for activities that support the development, improvement, or implementation of the methodology for the 7th and subsequent regional housing needs assessment cycles, and for providing jurisdictions with technical assistance, planning, temporary staffing, or consultant needs associated with updating local planning and zoning documents, as provided.

Location: 6/11/2026-S. THIRD READING

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Constitution specifies various requirements with respect to the levying of assessments and property-related fees and charges by a local agency. As part of those requirements, the California Constitution mandates that such fees or charges that are extended, imposed, or increased satisfy certain requirements, including, but not limited to, that the amount of the fee or charge imposed upon any parcel or person as an incident of property ownership not exceed the proportional cost of the service attributable to the parcel. Existing law, known as the Proposition 218 Omnibus Implementation Act (act), prescribes specific procedures and parameters for local jurisdictions to comply with these requirements and, among other things, authorizes an agency providing water, wastewater, sewer, or refuse collection services to adopt a schedule of fees or charges authorizing automatic adjustments that pass through increases in wholesale charges for water, sewage treatment, or wastewater treatment or adjustments for inflation under certain circumstances. This bill

would authorize a local government to demonstrate the proportional cost of the service attributable to the parcel by any method that reasonably allocates the ascertainable cost of providing service to all parcels, if substantiated as provided. The bill would, however, provide that for water or sewer service fee or charge impositions, a local government is not required to provide an exact measure of the cost of the service at each parcel and may instead impose uniform or tiered rates to parcel or customer classes that are defined based on common characteristics indicative of likely water or sewer use.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: For the 4th and subsequent revisions of the housing element, existing law requires the Department of Housing and Community Development, in consultation with each council of governments, to determine each region's existing and projected need for housing, and requires the appropriate council of governments, or the department for cities and counties without a council of governments, to adopt a final regional housing plan that allocates a share of the regional housing need to each city, county, or city and county, as provided. Existing law authorizes at least 2 or more cities and a county, or counties, at least 28 months prior to the scheduled housing element revision, to form a subregional entity to allocate the subregion's existing and projected housing need among its members. If the council of governments does not receive a notification of this formation at least 28 months prior to the update, existing law requires the council of governments to implement specified requirements regarding the regional housing need process. Existing law requires the council of governments to determine the share of regional housing need assigned to each delegate subregion at least 25 months prior to the scheduled revision. This bill, except with respect to the 7th housing element cycle for councils of governments with a housing element revision due date during the calendar year 2027 or 2028, would extend the above-described timeline for cities and counties to form a subregional entity to allocate the subregion's housing need, as provided, from 28 months to 34 months, and the above-described timeline for the council of governments to determine the share of regional housing need assigned to each subregion from 25 months to 31 months.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Planning and Zoning Law, until January 1, 2036, authorizes a development proponent to submit an application for a multifamily housing development that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit, if the development satisfies specified objective planning standards (streamlining process). Existing law, for purposes of this streamlining process, authorizes a development proponent to request a modification to an approved development if submitted to the local government before the issuance of the final building permit required for construction of the development. Existing law requires a local government to approve a modification if it determines the modification is consistent with the objective planning standards in effect when the original development application was first submitted. Existing law requires evaluations of modifications for consistency with the objective planning standards to be made using the same assumptions and analytical methodology the local government originally used, as described. This bill would instead require the local government to approve a modification if it determines the modification is consistent with objective zoning standards, objective subdivision standards, and objective design review standards that were in effect when the original development application was first submitted, as described.

Location: 7/1/2026-S. APPR.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law requires every city, county, or city and county, whether general law or chartered, that requires the issuance of a permit as a condition precedent to the construction, alteration, improvement, demolition, or repair of any building or structure, to require the execution of a permit application, as specified. Existing law permits a local agency, defined as a city, county, or city and county, to authorize its enforcement agency to contract with or employ a private entity or persons on a temporary basis to perform plan-checking functions for a nonresidential building, but that the local agency is not required to do so if it determines that no entities or persons are available or qualified to perform plan-checking services. Under existing law, when there is an excessive delay, as defined, in checking plans submitted as part of an application for specified nonresidential projects, a local agency is required to, upon request of the applicant, contract with or employ a private entity or persons on a temporary basis to perform the plan-checking function. Existing law defines "excessive delay" to mean, among other things, the local agency has taken more than 50 days to check plans and specifications, as provided. This bill would, until January 1, 2037, revise and recast the above-described provisions related to private plan checking. The bill would, upon receipt of a complete application for a nonresidential building permit, require the local agency to provide the applicant with an estimated timeframe in which it will determine if the completed application is compliant with permit standards. This bill would require the local agency to, upon an applicant's request, contract with or employ a private plan-checking entity if the estimated timeframe would result in an excessive delay or if there is excessive delay by the local agency.

AB 2601**(Lee D) Planning and zoning: housing development: streamlined approval and subdivisions.****Current Text:** Amended: 4/16/2026 [html](#) [pdf](#)**Status:** 7/1/2026-VOTE: Do pass (PASS)**Location:** 5/13/2026-S. L. GOV.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Under the Planning and Zoning Law, the legislative body of a city or county may adopt ordinances that, among other things, regulate the use of buildings, structures, and land, as provided. The Subdivision Map Act vests the authority to regulate and control the design and improvement of subdivisions in the legislative body of a local agency and sets forth procedures governing the local agency's processing, approval, conditional approval or disapproval, and filing of tentative, final, and parcel maps. Existing law requires a local agency to consider ministerially a proposed housing development containing no more than 2 residential units within a single-family residential zone, without discretionary review or a hearing, if the proposed housing development meets specified requirements. Existing law requires a local agency to ministerially approve a parcel map for an urban lot split if the parcel meets specified requirements. This bill would require that an application for a proposed housing development containing no more than 2 residential units within a single-family residential zone, as described above, be eligible for concurrent processing with an application for a parcel map for an urban lot split, as provided. The bill would authorize a local agency to condition issuance of building permits, grading permits, or certificates of occupancy for a proposed housing development upon the applicant first obtaining approval and recording a parcel map for eligible parcels pursuant to the above-described urban lot split provisions.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law authorizes designated health care services providers, employees, volunteers, and patients, and individuals who face threats of violence or violence or harassment from the public because of their affiliation with a designated health care services facility, to complete an application to be approved by the Secretary of State for the purposes of enabling state and local agencies to respond to requests for public records without disclosing a program participant's residence address contained in any public record and otherwise provide for confidentiality of identity for that person, subject to specified conditions. Existing law defines "designated health care services" to mean gender-affirming health care services or reproductive health care services. Under existing law, any person who makes a false statement in an application is guilty of a misdemeanor. Existing law prohibits a person, business, or association from knowingly publicly posting or publicly displaying, disclosing, or distributing on internet websites or on social media, the personal information or image of any designated health care services patient, provider, or assistant, or other individuals residing at the same home address, with the intent to incite a third person to cause imminent great bodily harm to the person identified in the posting or display, or to a coresident of that person, as specified, or to threaten the person identified in the posting or display, or a coresident of that person, as specified. This bill would similarly establish an address confidentiality program for a designated immigration support services provider, employee, or volunteer, as defined, who faces threats of violence or harassment from the public because of their affiliation with a designated immigration support services facility. This bill would additionally prohibit a person, business, or association from soliciting, selling, or trading on the internet the personal information or image of a designated immigration support services provider, employee, or volunteer with the intent described above.

AB 2676**(Lackey R) Housing Crisis Act of 2019.****Current Text:** Amended: 6/24/2026 [html](#) [pdf](#)**Status:** 6/24/2026-Referred to Coms. on HOUSING and L. GOV. From committee chair, with author's amendments: Amend, and re-refer to committee. Read second time, amended, and re-referred to Com. on HOUSING.**Location:** 6/24/2026-S. HOUSING

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Housing Crisis Act of 2019, with respect to land where housing is an allowable use and except as specified, prohibits a county or city, including the electorate exercising its local initiative or

referendum power, in which specified conditions exist, determined as provided by the Department of Housing and Community Development, from enacting a development policy, standard, or condition, as defined, that would have certain effects. Under existing law, these proscribed policies, standards, or conditions include, among others, (A) changing the land use designation or zoning of a parcel or parcels of property to a less intensive use or reducing the intensity of land use within an existing zoning district below what was allowed under the general plan or specific plan land use designation and zoning ordinances of the county or city as in effect on January 1, 2018, and (B) imposing or enforcing a moratorium on housing development within all or a portion of the jurisdiction of the county or city, except as provided. Existing law states that these prohibitions apply to any zoning ordinance adopted or amended on or after the effective date of these provisions, and that any development policy, standard, or condition on or after that date that does not comply is deemed void. Existing law prohibits a county or city subject to these provisions from enforcing a zoning ordinance imposing a moratorium or other similar restriction on or limitation of housing development until it has submitted the ordinance to, and received approval from, the Department of Housing and Community Development. Existing law requires the department to approve a zoning ordinance submitted to it only if the department determines that the zoning ordinance satisfies these requirements. If the department denies approval of the zoning ordinance, as specified, existing law states that the ordinance is deemed void. This bill would expand the prohibition against enacting a development policy, standard, or condition that has the effect of imposing or enforcing a moratorium on housing development within all or a portion of the jurisdiction of the county or city to also prohibit these policies, standards, or conditions within the sphere of influence of a city, as defined.

1st House				2nd House							

Summary: Current law provides for the licensure and regulation of adult alcohol or other drug recovery or treatment facilities by the State Department of Public Health and prohibits the operation of one of those facilities without a current valid license. Current law requires the department, if a facility is alleged to be in violation of that prohibition, to conduct a site visit to investigate the allegation. Current law requires, if the department's employee or agent finds evidence that the facility is providing services without a license, the employee or agent to take specified actions, including, among others, submitting the findings of the investigation to the department and issuing a written notice to the facility that includes the date by which the facility is required to cease providing services. This bill would require the department, if it determines it has jurisdiction over the allegation, to initiate that investigation within 10 days of receiving the allegation and, except as specified, complete the investigation within 60 days of initiating the investigation. The bill would require the department, if it receives a complaint that does not fall under its jurisdiction, to notify the complainant that it does not investigate that type of complaint. The bill would require the employee or agent to provide the notice described above within 10 days of the employee or agency submitting their findings to the department and to conduct a followup site visit to determine whether the facility has ceased providing services as required. The bill would authorize, in counties that elect to administer the Drug Medi-Cal organized delivery system and that provide optional recovery housing services, the county behavioral health agency to request approval from the department to conduct a site visit of a recovery residence that is alleged to be operating without a license.

Summary: Current law, until January 1, 2030, generally prohibits a person from possessing, importing, shipping, or transporting in the state, or from placing, planting, or causing to be placed or planted in any water within the state, dreissenid mussels, and authorizes the Director of Fish and Wildlife or the director's designee to engage in various enforcement activities with regard to dreissenid mussels. Current law requires any person, or federal, state, or local agency, district, or authority that owns or manages a reservoir, as defined, where recreational, boating, or fishing activities are permitted, except

as specified, to develop and implement a program designed to prevent the introduction of nonnative dreissenid mussel species, as provided. Under current law, except as otherwise provided, any violation of the Fish and Game Code, or of any rule, regulation, or order made or adopted under the code, is a crime. This bill would expand the scope of the above-described provisions relating to dreissenid mussels to instead apply to invasive mussels, defined to mean any nonnative detrimental mussel species, as provided.

1st House				2nd House							

Summary: Current law provides for the licensure and regulation of alcohol or other drug recovery or treatment facilities by the State Department of Health Care Services. Current law prohibits operating an alcohol or other drug recovery or treatment facility to provide recovery, treatment, or detoxification services within this state without first obtaining a current valid license. If a facility is alleged to be providing those services without a license, existing law requires the department to conduct a site visit to investigate the allegation. Current law also authorizes the department to conduct announced or unannounced site visits to licensed facilities for the purpose of reviewing them for compliance, as specified. This bill would require the department to assign a complaint under its jurisdiction regarding an alcohol or other drug recovery or treatment facility to an analyst for investigation within 10 days of

receiving the complaint. If the department receives a complaint that does not fall under its jurisdiction, the bill would require the department to notify the complainant, in writing, that it does not investigate that type of complaint.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Planning and Zoning Law requires a city or county to adopt a comprehensive, long-term general plan that includes various mandatory elements, including a housing element. Existing law requires the housing element to include, among other things, an inventory of land suitable and available for residential development, an analysis of the relationship of zoning and public facilities and services to these sites, and an analysis of the relationship of the sites identified in the land inventory to the jurisdiction's duty to affirmatively further fair housing. Existing law requires a city or county, based on that inventory of land, to determine whether each site in the inventory can accommodate the development of some portion of its share of the regional housing need by income level during the planning period, as provided. Existing law requires the inventory of land to include, among other things, a description of the existing use of the property for nonvacant sites. For the nonvacant sites, existing law requires the city or county to specify the additional development potential for each site within the planning period. Existing law requires a city or county to rezone sites according to a specified program if the inventory of sites suitable and available for residential development does not identify adequate sites to accommodate the need for groups of all household income levels. Existing law requires that program to accommodate 100% of the need for housing for specified lower income households on sites required to be zoned to permit owner-occupied and rental multifamily residential use, as provided, and requires these sites to be zoned with specified minimum density and development standards, as provided. This bill would require, on or before January 1, 2028, the Department of Housing and Community Development to promulgate or approve formulas and associated user interfaces or other tools that allow for the determination of specified information, including, among other things, the realistic capacity of housing element inventory sites, as specified.

Summary: Existing law authorizes a county to establish a homeless adult and family multidisciplinary personnel team with the goal of facilitating the expedited identification, assessment, and linkage of homeless individuals to housing and supportive services within that county, and to allow provider agencies and members of the personnel team to share confidential information for the purpose of coordinating housing and supportive services to ensure continuity of care. Existing law requires the sharing of confidential information to be governed by protocols developed in each county describing how and what information may be shared by the homeless adult and family multidisciplinary personnel team, and requires each county to provide a copy of its protocols to the State Department of Social Services. This bill would additionally authorize a city that is designated as a local health jurisdiction to similarly establish a homeless adult and family multidisciplinary personnel team.

Summary: Existing law makes it unlawful for a peace officer or an unauthorized person to remove an unattended vehicle from a highway, except as provided. Under existing law, the removal of a vehicle is a seizure, subject to the limits set forth in jurisprudence for the Fourth Amendment of the United States Constitution. Existing law authorizes a city, county, or city and county to adopt an ordinance establishing procedures for the abatement and removal, as public nuisances, of abandoned, wrecked, dismantled, or inoperative vehicles or parts of vehicles from private or public property. Existing law requires that any ordinance for the removal of abandoned vehicles contain certain provisions, including a provision exempting vehicles under certain circumstances, and a provision providing no less than a 10-day notice of intention to abate and remove the vehicle or part thereof as a public nuisance, unless the property owner and the owner of the vehicle sign releases. Existing law also exempts from the 10-day notice prior to removal provision, a vehicle meeting specified requirements, including being valued at less than \$200 and being determined to be a public nuisance, if the property owner has signed a release. This bill would specifically authorize a local government to perform emergency summary abatement of vehicles creating imminent health and safety hazards.

1st House				2nd House							

Summary: Existing law, the legislative code of ethics, prohibits Members of the Legislature from entering into, or requesting that another party enter into, a nondisclosure agreement relating to the drafting, negotiation, or discussion of proposed legislation. Existing law also makes any nondisclosure agreement relating to the drafting, negotiation, or discussion of proposed legislation entered into after January 1, 2026, void and unenforceable. Existing law provides an exception for nondisclosure agreements, or portions thereof, that prevent only the disclosure of trade secrets, financial information, or proprietary information, as specified. This bill would prohibit a local agency official, as defined, acting in their official capacity from entering into, or requesting that another individual enter into, a nondisclosure agreement relating to public business that precludes their ability to share information with fellow local agency officials serving on the same council, board, commission, district, or agency. The bill would require a local agency official in violation of that provision to, among other things, disclose the existence of the nondisclosure agreement, as specified, and would provide that these requirements imposed on a local agency official also apply to a local agency official acting in their official capacity who entered into, or requested that another individual enter into, a nondisclosure agreement described above before January 1, 2027.

Summary: The Planning and Zoning law requires the Department of Housing and Community Development to designate jurisdictions as prohousing, as specified. The law requires that jurisdictions that have adopted a housing element that has been found by the department to be in substantial compliance with specified requirements and that have been designated as prohousing based on their adoption of prohousing local policies, as defined, be awarded additional points or preference in the scoring of program applications for certain programs. Existing law authorizes the legislative body of a city or county to designate a proposed enhanced infrastructure financing district to finance public capital facilities or other specified projects of communitywide significance that provide significant

benefits to the district or the surrounding community, including, among other things, the acquisition, construction, or rehabilitation of housing for persons of very low, low, and moderate income for rent or purchase, as specified. Existing law authorizes an infrastructure financing plan to contain a provision for the division of taxes levied upon taxable property in the area included within the district, and authorizes the public financing authority of the district to issue bonds, as provided. This bill would authorize a city or county that is designated as prohousing to establish a prohousing enhanced infrastructure financing district if certain requirements are met, as specified. The bill would prescribe requirements applicable to those districts. The bill would expand the definition of "prohousing local policies" for purposes of the above-described provisions to include the establishment of one of these districts, and would require that the jurisdiction that established, and projects located within, a district receive enhanced points or preference than the baseline provided to other prohousing jurisdictions.

1st House				2nd House							

Summary: The Permit Streamlining Act sets forth various procedures for the review and approval of development project applications, including, among other things, requiring each public agency to compile one or more lists that specify in detail the information that will be required from any applicant for a development project. The act also requires a city, county, or city and county to deem an applicant for a housing development project to have submitted a preliminary application upon providing specified information about the proposed project to the city, county, or city and county from which approval for the project is being sought. This bill would permit an applicant who submits a preliminary application for a housing development project, as specified, or an application if a preliminary application is not submitted, to include in the preliminary application or application a request for a preliminary estimate of required improvements, as provided. The bill would require a city, county, or city and county that receives a request under these provisions to provide the preliminary estimate within 30 business days of the submission of the request, as provided. The bill would authorize, for improvements required by a public agency, as specified, the applicant to request, within 30 days of submission, a list of the types of improvements that may be required, as provided. The bill, within 30 business days of deeming an application for a postentitlement phase permit complete, would additionally require the city, county, or city and county to provide the applicant with an itemized list of all onsite and offsite improvements that will be required prior to issuance of, or otherwise in connection with, that permit, as provided.

1st House				2nd House							

Summary: Current law requires the State Department of Health Care Services to license and regulate facilities that provide residential nonmedical services to adults who are recovering from problems related to alcohol, drug, or alcohol and drug misuse or abuse, and who need alcohol, drug, or alcohol and drug recovery treatment or detoxification services. Violation of licensing provisions is punishable through revocation or suspension of the license and civil penalties. This bill would prohibit an alcohol or other drug recovery or treatment facility from operating within 1,000 feet of a public or private elementary or secondary school or a daycare center if the recovery or treatment facility serves more than 6 residents and treatment is being provided at the facility.

SB 1075 **(Reyes D) Air resources: toxic air contaminants: criteria air pollutants: community emissions reduction programs: local community emissions reduction plans.**

Current Text: Amended: 6/25/2026 [html](#) [pdf](#)

Status: 7/1/2026-From committee: Do pass as amended and re-refer to Com. on APPR. (Ayes 9. Noes 4.) (June 29).

Location: 6/29/2026-A. APPR.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law requires the State Air Resources Board to prepare a statewide strategy to reduce emissions of toxic air contaminants and criteria air pollutants in communities affected by a high cumulative exposure burden that includes an assessment and identification of those communities. Existing law requires the statewide strategy to be updated at least once every 5 years. Existing law requires the state board, based on the assessment and identification, to select locations around the state for preparation of community emissions reduction programs. Existing law requires the assessment and identification to prioritize disadvantaged communities, as defined. Existing law requires the regional air quality management district or the regional air pollution control district encompassing the location selected by the state board, within one year of selection, to adopt a community emissions reduction program to achieve emissions reductions for the location selected using cost-effective measures, as provided. Existing law requires the state board to provide grants to community-based organizations for technical assistance and to support community participation in the implementation of the statewide strategy. Under this existing regulatory authority, the state board provides grants to development and implement local community emissions reduction plans. This bill would revise the definition of "disadvantaged community" to include a disadvantaged unincorporated community. By expanding the definition of "disadvantaged community," the bill would expand the duties of districts in the preparation of community emissions reduction programs, thereby imposing a state-mandated local program. The bill would require the local community emissions reduction plans to be submitted to the state board for review and approval and would authorize the state board or the relevant air district to enforce those plans.

SB 1116 (Caballero D) Planning and zoning: housing development projects: subdivisions.

Current Text: Amended: 6/11/2026 [html](#) [pdf](#)

Status: 6/24/2026-From committee: Do pass and re-refer to Com. on L. GOV. (Ayes 12. Noes 0.) (June 24). Re-referred to Com. on L. GOV.

Location: 6/24/2026-A. L. GOV.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Under the Planning and Zoning Law, the legislative body of a city or county may adopt ordinances that, among other things, regulate the use of buildings, structures, and land, as provided. The Subdivision Map Act vests the authority to regulate and control the design and improvement of subdivisions in the legislative body of a local agency and sets forth procedures governing the local agency's processing, approval, conditional approval or disapproval, and filing of tentative, final, and parcel maps. Existing law authorizes a development proponent to submit an application for a housing development project on a subdivided lot, as specified, that meets specified requirements, and requires a local agency to ministerially consider that application, as specified. Existing law prohibits a local agency from imposing on a housing development on a lot subdivided as specified an objective zoning standard, objective subdivision standard, or objective design standard that, among other things, physically precludes the development of a project built to specified densities. However, with respect to certain lots, existing law allows a local agency to impose a height limit of no less than the height allowed pursuant to the existing zoning designation applicable to the lot. Existing law authorizes a local agency to adopt an ordinance to implement these requirements. This bill would require the height limits under these provisions to apply exclusively to the physical height of a building rather than the number of floors. The bill would additionally prohibit a local agency from imposing specified front or internal setbacks, except as specified. The bill would also modify prohibitions relating to density on the lot, among other things. The bill would require that the above-described provisions relating to ministerial approval of housing developments on certain subdivided lots be interpreted liberally in favor of producing the maximum number of total housing units.

SB 1117 (Cervantes D) Accessory dwelling units and junior accessory dwelling units.

Current Text: Introduced: 2/17/2026 [html](#) [pdf](#)

Status: 6/10/2026-From committee: Do pass and re-refer to Com. on L. GOV. (Ayes 10. Noes 0.) (June 10). Re-referred to Com. on L. GOV.

Location: 6/10/2026-A. L. GOV.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Planning and Zoning Law provides for the creation by ordinance, or by ministerial approval if the local agency has not adopted an ordinance, of an accessory dwelling unit (ADU) in accordance with specified standards and conditions. Current law requires fees charged for the construction of ADUs to be determined in accordance with specified provisions of the Mitigation Fee Act.

Current law prohibits a local agency, special district, or water corporation from imposing any impact fee upon the development of an ADU that has 750 square feet of interior livable space or less, and requires any impact fees charged for an ADU that has more than 750 square feet of interior livable space to be charged proportionately in relation to the square footage of the primary dwelling unit. This bill would additionally require the charge to be based only on the area in excess of 750 square feet of interior livable space. By changing the duties of local agencies with regard to calculating fees for ADUs, the bill would impose a state-mandated local program.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law defines an electric bicycle as a bicycle equipped with fully operable pedals and an electric motor that does not exceed 750 watts of power. Existing law classifies electric bicycles into 3 classes with different restrictions for various purposes, and requires, among other things, a class 3 electric bicycle to be equipped with a speedometer. Existing law prohibits certain vehicles that do not meet the definition of an electric bicycle from being advertised, sold, offered for sale, or labeled as an electric bicycle, as specified. This bill would amend the type of vehicles that are prohibited from being advertised, sold, offered for sale, or labeled as electric bicycles, including, among others, motor-driven cycles and mopeds.

SB 1272 **(Menjivar D) Local ordinances: administrative fines or penalties.**

Current Text: Amended: 6/23/2026 [html](#) [pdf](#)

Status: 6/23/2026-Read second time and amended. Re-referred to Com. on APPR.

Location: 6/17/2026-A. APPR.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law authorizes the legislative body of a local agency, as defined, to, by ordinance, make any violation of an ordinance subject to an administrative fine or penalty. Existing law requires a local agency to set forth, by ordinance, the administrative procedures that govern the imposition, enforcement, collection, and administrative review of those administrative fines or penalties. Existing law requires the administrative procedures to provide for a reasonable period of time, as specified in the ordinance, for a person responsible for a continuing violation to correct or otherwise remedy the violation prior to the imposition of administrative fines or penalties, when the violation pertains to building, plumbing, electrical, or other similar structural or zoning issues, that do not create an immediate danger to health or safety. This bill would require, for any violation pertaining to building, plumbing, electrical, or other similar structural or zoning issues, that do not create an immediate danger to health or safety, of any ordinance enacted by the local agency, the reasonable period of time to correct or otherwise remedy the violation to be no less than 6 months if certain conditions are met, including that the property involved is an owner-occupied residential property containing 4 units or less and the current owner of the property submits a sworn affidavit that the current owner was not responsible for any action that caused the violation and that the current owner had no knowledge of the violation at the time the owner took title to the property. These provisions would not apply to an administrative fine or penalty imposed for a violation of various laws, regulations, and ordinances, as specified. By requiring a sworn affidavit, the bill would expand the crime of perjury, thereby imposing a state-mandated local program.

Location: 6/4/2026-A. L. GOV.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law requires a city, county, or city and county (local government) to administratively approve an application to install an electric vehicle charging station (EV station) through the issuance of a building permit or similar nondiscretionary permit. Existing law requires those EV stations to meet

all applicable safety and performance standards established by specified entities. This bill would require this administrative approval to extend to EV stations with a canopy, as defined, or onsite energy storage systems sized to support charging.

1st House				2nd House							

Summary: Current law requires the State Department of Health Care Services to license and regulate alcohol or drug abuse recovery or treatment facilities serving adults. Existing law provides that an alcohol or other drug recovery or treatment facility that serves 6 or fewer persons shall be considered a residential use of property for certain purposes, and that the residents and operators of the facility shall be considered a family for the purposes of any law or ordinance that relates to the residential use of property. This bill would make a technical, nonsubstantive change to these provisions.

SB 1383 (Arreguín D) Housing development: density bonus: incentives or concessions: labor standards.

Current Text: Amended: 3/23/2026 [html](#) [pdf](#)

Status: 6/24/2026-From committee: Do pass and re-refer to Com. on L. GOV. (Ayes 9. Noes 2.) (June 24). Re-referred to Com. on L. GOV.

Location: 6/24/2026-A. L. GOV.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Density Bonus Law requires a city or county to provide a developer that proposes a housing development within the city or county with a density bonus, waivers or reductions of development standards, parking ratios, and other incentives or concessions, as specified, if the developer agrees to construct certain types of housing, including, among other types of housing, housing that will include specified percentages of units for rental or sale to lower income households or very low income households, as specified. Existing law requires a city or county to grant incentives or concessions requested by an applicant for a density bonus except under prescribed circumstances. Existing law defines "incentives or concessions" to include, among other things, a reduction in site development standards or a modification of zoning code requirements or architectural design requirements that exceed the minimum building standards, as specified, and regulatory incentives or concessions proposed by the developer or the city or county that result in identifiable and actual cost reductions to provide for affordable housing costs, as specified. This bill would exclude a reduction in site development standards, a modification of zoning code or architectural design requirements, and other regulatory incentives or concessions that include or relate to a labor standard, as defined, from the definition of "incentives or concessions."
